

## STATE RECOGNIZES THE APRIL PRIMARY

### Secretary Sends Letter to Chairmen of State Central Committees

## ISSUES STATEMENT

### Delegates to National Nominat- ing Conventions Will Be Elect- ed in the April Primary

## NAMES DATES FOR FILING

SPRINGFIELD, Jan. 28.—Secretary of State Lewis G. Stevenson announced today that he would accept and file petitions of candidates for state central committees for the primary election April 11th. This was the first definite announcement that the election machinery of the state would recognize the April primary in preference to the September primary as the time for electing state committees and precinct committeemen.

**Sends Letters to Chairmen.**  
Letters have been sent by Secretary of State Stevenson to each of the chairmen of the state central committees of the Democratic, Progressive, Republican and Socialist parties asking them to file in his office the certificate required by law, showing the number of delegates to be elected by each party.

In a statement issued this afternoon, Mr. Stevenson said:  
"Altho the legislature has failed to enact any amendments to the primary law, it is now a foregone conclusion that the delegates to national nominating conventions, both at large and from congressional districts, will be elected in the April primary, instead of at the party conventions."

"Attorney General Lucey has placed this construction upon the law, and has also taken the position that precinct committeemen, ward committeemen in cities, and state central committeemen are to be elected in April and not in September. The matter of filing petitions for precinct and ward committeemen rests with county clerks, and the filing of petitions for state central committeemen with the secretary of state, will accept and file petitions of candidates for state central committeemen for the election in April. Senatorial committeemen will be elected at the September primary. The Democratic, Progressive, Republican and Socialist parties are entitled to participate in the April primary, each having polled the necessary two per cent at the last general election to qualify as a party within the state. There are in many cities and villages local political parties, for wherever at the last city or village election a ticket under some other designation received more than two per cent of the entire vote cast in the particular city or village, a local city or village political party has been created and is entitled to participate in the city or village primary."

**Names Filing Dates.**  
"Petitions for delegates to National nominating conventions and petitions for state committeemen may be filed in my office by mail beginning February 11th, and ending March 22nd. Petitions for ward committeemen are filed with the county clerks between the same dates."  
"Names of candidates for precinct committeemen are written on the ballot and petitions for nomination need not be filed."  
"I will not accept nor file petitions of candidates for delegates to national conventions unless they are accompanied by statements in writing, indicating the candidate's choice for president or a statement that he has no choice."

"The petitions for any office must be circulated by some person residing in the district to be represented by that particular officer, and the petitions must be signed by the following:  
"Delegates or alternate delegates at large, at least one thousand and not to exceed two thousand electors."  
"Delegates from congressional districts, one half of one per cent of the qualified primary electors of the respective parties residing in the district."  
"State central committeemen, at least one hundred primary electors of the congressional district."  
"Ward committeemen, one half of one per cent of the electors in the ward."

"The primary to be held April 11, the second Tuesday of the month. On the following morning April 12, meetings of the county committees of the various parties will be held. April 21st is the date designated for the meeting of the state conventions. Candidates for election of president and vice-president of the United States and for trustees of the University of Illinois may be nominated at party conventions. The primary for state, congressional and county offices will be held September 13th."

## NO NOTABLE CHANGES IN COMBATANTS' POSITIONS

### BERLIN REPORTS FRENCH ATTACKS WERE REPULSED

Paris States German Munitions Depot Was Blown Up by French Artillery—Italians Put Down Attack by Austrians to Advance.

**BULLETIN.**  
LONDON, Jan. 28.—Proclamations are being posted throughout the country calling to the colors eight more groups of men who attested for military service under the Earl of Derby's recruiting plan. The men, whose ages range from 27 to 35, are summoned to join on Feb. 29.

Altho considerable fighting has taken place along the various war fronts there have been no notable changes in the positions of any of the combatants.

In the region of Neuville, St. Vaast, the French have attacked with hand grenades the positions taken from them by the Germans, but according to Berlin they were repulsed with heavy losses, altho a trench was captured by the French. Paris says two attacks by the Germans on the road between Arras and Lens were put down and that a German munitions depot was blown up near Puissele by the French artillery.

All along the line from Riga to Bukovina there has been artillery bombardments and occasionally infantry attacks by the Russians and Germans and Austro-Hungarians.

Petrograd reports a surprise attack near Buzacz, Galicia, by the Russians in which a large party of Germans was put to flight after having suffered heavy losses and also the capture of three mine craters by the Russians north of Rovan.

Dispatches from Kiev say the Austrians and Germans are making great preparations to stem any attempt at a further advance by the Russians in Galicia. Large quantities of artillery of all calibers are being rushed to this front.

The Italians have re-occupied on the heights to the west of Gorizia ground from which they had previously been forced to retire in the face of an Austrian attack, and also have put down with heavy casualties a strong attempt by the Austrians to advance in the upper Isonzo region.

In the Caucasus the Russians claim further successes for their arms and ammunition.

Between Erzerum and Mush they have occupied the town of Khynskala. In addition, south of Lake Urmiah, in Persia, the defeat of large Turkish forces is reported by Petrograd, together with the capture of prisoners and supplies.

## CIVIL SERVICE COMMISSION RE-INSTATES TWENTY EMPLOYEES

### Persons Now Holding the Positions Are to Be Removed and Placed on the Eligible List.

Springfield, Ill., Jan. 28.—Twenty state employees ousted some months ago because they refused to take efficiency examinations or failed to pass today were restored to their positions by the state civil service commission, effective Feb. 1.

Employees now holding the positions are to be removed and placed on the eligible list. The order was entered in compliance with a decision of the supreme court holding that efficiency tests for employees were blanketed under the civil service law on its ruling.

Following will be restored positions in grain office in Chicago: Eric Carlson, H. F. Kilby, Franz Sarteson, P. O. Swanson, Rufus Bain, Frank Mason, grain helpers; J. F. Nichols, J. B. Hunter, N. J. Olson, A. H. Folland, Gus Odman, W. L. Claus, Frank Gool, William Kamberg, grain samplers clerks.

Employees who lose jobs are: William E. O'Grady, John L. Hammon, John Malone, John Etelson, Leo Walsh, Ralph W. Taylor, Charles R. Holter, Charles E. Fitzsimmons, Francis G. Coughlan, James F. Higgins, David E. Overlock, J. A. Routh and Milton E. Connelly.

Others restored: William Wilkinson, chief engineer, Jacksonville State hospital; W. H. Hill, clerk grain registrar's office, Chicago, succeeding a temporary appointee; A. G. Johnson, live stock inspector, Chicago; M. H. Hayes, live stock inspector, Frederick Weiss, clerk, Springfield. T. L. Atkinson, bookkeeper, state board of administration.

**FAMILY PERISHES IN FIRE.**  
Dixon, Ill., Jan. 28.—John Bozan, his wife and three children are dead here as the result of a fire which destroyed their home today. The father and the children were burned to death before aid could reach them. Mrs. Bozan, who was fatally burned, and the last surviving member of the family, died tonight.

**CRITICISE SHIPPING LAWS.**  
New Orleans, La., Jan. 28.—Criticism of American shipping laws, the tariff of laws relating to railroads and "big business" and of the proposal for a government owned merchant fleet was voiced here today at the third national foreign trade convention.

candidate for President may be had upon application to Secretary of State Stevenson, as well as blank petitions for candidates for state central committeemen.

## PRESIDENT LEAVES FOR MIDDLE WEST

### Executive Outlines Principal Points He Will Make in Addresses

## WILL NOT MINCE WORDS

### References to "Peace at Any Price" Advocates or Support- ers of Increases to Be Plain

## SPEAKS IN PITTSBURGH TODAY

WASHINGTON, Jan. 28.—President Wilson left Washington tonight for a speaking tour in the middle west in advocacy of his preparedness program. He has been told that most of the opposition to army and navy increases is centered in that section of the country and believes that the success of his defense plans depends in large measure on the impression he makes. He will remain away from Washington until February 4th.

**Has Not Prepared Details.**  
While the president has not prepared the details of his addresses in the middle west, he had outlined on paper and in his own mind the principal points he will make. He will go over the army and navy program minutely giving in detail the reasons why he believes they should be adopted, and also will touch on the Mexican and international questions and on various measures pending in congress.

Mr. Wilson has decided, it is understood, not to mince words in his references to "peace at any price" advocates or to supporters of extreme military increases. While he probably will not mention any names he will indicate clearly his belief that leaders in each of these classes, Democrats and Republicans alike, are a danger to the nation at the present time. The first address will be in Pittsburgh tomorrow afternoon. After that he will go to Cleveland, Milwaukee, Chicago, Des Moines, Topeka, Kansas City and St. Louis, making brief platform speeches enroute at Waukegan, Ill., Kenosha, Wis., Racine, Wis., Davenport, Iowa, Iowa City, Iowa; Grinnell, Iowa; Newton, Iowa; Lawrence, Kansas and East St. Louis.

Tomorrow night he will speak in Cleveland, where he will remain over Sunday.

**Will Avoid Banquets.**  
The president will avoid banquets and entertainments, but on Wednesday he will have lunch with Governor and Mrs. Capper in Topeka. Mrs. Wilson who will accompany the president, will be met at all stops by women.

Every effort has been made to have the meetings strictly non-partisan and open as far as possible to the public. The president plans to repeat the praise voiced in New York last night of Representative Mann, Republican leader of the house, and other Republicans who have come out for adequate preparedness.

While he recognizes that his trip is certain to have strong political effects his friends declare he will not seek to turn it into a campaign tour.

The President and Mrs. Wilson will travel on a special car attached to regular trains. Two other special cars, one for secret service men and members of the white house staff and another for newspapermen, will be attached. Secretary Tumulty and Dr. Cary T. Grayson, the white house physician, are also making the trip.

**Signs Brandeis' Nomination.**  
Mr. Wilson was busy today disposing of important business. He signed many nominations for submission to the senate, including that of Louis D. Brandeis as associate justice of the supreme court. Tonight he attended a dinner given in his honor by Secretary and Mrs. McAdoo at which the guests included Mr. and Mrs. Brandeis, Justice and Mrs. Hughes, Justice and Mrs. Pitney and Mr. and Mrs. Samuel Untermyer. He left the dinner just in time to go to the train.

While the president is away he will be kept in close touch with all developments in the Mexican and foreign situations by Secretary Lansing who was in communication with him just before his departure. A white house telegrapher accompanied the president to supervise the sending of messages.

**ADMITS DISCUSSING QUESTION OF DIVORCE.**  
Providence, R. I., Jan. 28.—After having repeatedly asserted that she never intended to divorce her husband, Dr. Franklin Mohr, and that there was no sincere desire on his part to divorce her, Mrs. Elizabeth F. Mohr, charged with instigating two negroes, Cecil Brown and Henry Spellman, to murder him, admitted in cross-examination today that she discussed with her attorneys last summer the question of allowing Dr. Mohr to have an absolute divorce on the basis of his turning over to her his Newport Villa, known as the Montpiller, and \$75,000 in cash.

## TELEGRAPHIC BRIEFS

RALEIGH, N. C., Jan. 28.—Warden Sale of the North Carolina penitentiary here died of apoplexy today after he had superintended the electrocution of two negroes.

NEW YORK, Jan. 28.—Four-weeks-old Julius Clemens died today from the effects of a quantity of acid forced down his throat by an unidentified man while the child was sitting in a go-cart outside of a candy shop in the Bronx yesterday.

BEAVER FALLS, Pa., Jan. 28.—Eleven hundred employees of the Union Drawn Steel company and the Union Specialty company are on a strike here today. The men demanded an increase of 10 per cent in wages.

SEWARD, Alaska, Jan. 28.—The steamer Seward, which sailed from Seattle, Wash., on Jan. 14 with railway supplies and war munitions for the Russian government, is at La Touche, Alaska, fifty miles east of here, today in a disabled condition.

QUINCY, Ill., Jan. 28.—The cases of U. A. Brady of Decatur and J. A. Cox of Springfield, charged with arson, were continued today until the March term of the Adams county circuit court. Brady was said to be ill with tonsillitis.

CHICAGO, Jan. 28.—Mrs. Francis Stanley, 80 years old, wife of Dexter C. Stanley, who celebrated his 100th birthday Jan. 12, died today at their home at Downers Grove, a suburb. Mr. Stanley also is ill and there is said to be little hope of his recovery.

ROCK ISLAND, Ill., Jan. 28.—With Rock River threatening their home at Milan, Mrs. Charles Depew plead with her husband to have the household goods removed to a place of safety and when he refused she swallowed arsenic. The quick arrival of a physician with a stomach pump saved her life.

CHICAGO, Jan. 28.—Chicago contributed approximately \$80,000 for the relief of Jewish war sufferers in the nation-wide campaign yesterday, according to estimates today. Further contributions have been promised, it was announced.

LEAVENWORTH, Kan., Jan. 28.—George Roberts, 24 years old, for the second time within four years was met at the gate of the federal penitentiary here last night and taken into custody to face another charge. This time he was wanted for robbing a postoffice in Illinois.

SALT LAKE CITY, Utah, Jan. 28.—Raymond Dadds, the mulatto chauffeur who eloped here from San Diego, Cal., with Mrs. Van Lee Hood last week, was discharged from custody by the police today after the federal authorities announced that they did not desire to prosecute him.

SAN FRANCISCO, Jan. 28.—Wreckage of the steamer Aberdeen, which left here last night with a crew of about twelve, was found today on the beach two and a half miles south of the Cliff house. The south side life saving crew was unable to find any trace of the missing crew.

## FIVE POWER PLANTS TOTALLY OR PARTIALLY DESTROYED BY FIRE

### Pittsfield, Mass., Griggsville, New Salem and Baylis Without Power.

Quincy, Ill., Jan. 28.—Five substations of the Central Illinois Public Service company located at Pittsfield, Mass., Griggsville, New Salem and Baylis, Ill., were either totally or partially destroyed tonight by fire said to have been due to overcharging of high tension wires. The total damage was estimated by officials of the company at Griggsville as amounting to \$200,000.

At Pittsfield and Massville the plants were totally destroyed, while at Griggsville the damage amounted to about \$1,000. At Baylis and New Salem the damage was slight and it was hoped to have the plants in operation again before morning.

New transformers for the plants have been ordered from Matteson, Ill., to come by special train.

## COMPLETE ENDOWMENT FUND.

Mr. Pleasant, Jan. 28.—Retention in this city of Iowa Wesleyan college was assured tonight when a campaign of twenty-eight days to raise an endowment fund of \$100,000 was successfully completed.

## CAPTURE CHICAGO BANK ROBBERS

### Recover \$15,000 Taken From Washington Park National

## ONE BANDIT CONFESSES

### Police Learn Criminals Were Imported at Instance of "Cer- tain Politicians and Police"

## DETECTIVES COMPLIMENTED

CHICAGO, Jan. 28.—Just thirty six hours after the sensational \$15,000 robbery of the Washington Park National bank yesterday morning a surprised and delighted police, which had regarded the case as next to hopeless of solution, was congratulating itself on the following:  
The arrest of the five alleged robbers.  
Recovery of all of the loot.  
The confession of one of the bandits.

**Wanted to Discredit Administration.**  
Information that criminals had been imported at the instance of "certain politicians and policemen" to perpetrate a series of crimes for the purpose of discrediting the city administration, getting Nicholas Hunt, new chief of detective bureau under a cloud and thus indirectly getting revenge on Maclay Hoyne, state's attorney, for his successful prosecution of police graft cases.

Clearing up of several minor crimes by the confession.

Call for a special grand jury tomorrow to take speedy action against the prisoners.

The confession, according to Mr. Hoyne was made by Eddie Mack, said to have come here from New York and to have been the leader of the gang. Mack implicates Harry Brandt, alias Goldberg, Charles Kramer, alias Burns, alias Byrnes, alias Big Polly, owner of a West Side saloon, Harry Kramer, alias Harry Fein and Alex Brodie. They were not "boy bandits" as at first suspected, but range in age from twenty five to thirty years.

## COMES LIKE RAINBOW TO POLICE.

The speedy solution of the robbery came like a rainbow to the police after a long spell of bad weather. For two years Mr. Hoyne at intervals has been sending detectives to prison for protecting criminals. Recently John Halpin, Hunt's predecessor was convicted. Twelve hundred more policemen were needed and in their absence the regular winter campaign of the bandits went forward with little check. A robber held up the Cook Tourist Agency a week ago and killed a policeman and escaped. I looked like the climax of the way of crime until the bank robbery overshadowed it. Garland Stahl, better known as "Jake" Stahl, former football star and baseball manager, is vice-president. He and others at work in the institution and a number of depositors, were held up by masked men who escaped in an automobile.

Apparently there was no clew. Captain Hunt was blue. His picked men were goaded to greater and greater efforts, but meanwhile glory was being reserved for two comparatively obscure "plainclothesmen" on the West Side, Detective Sergeants John Carton and Michael Vaughn.

**Thompson Compliments Detectives.**  
Tonight Carton and Vaughn appeared bashfully before Mayor Thompson and received his compliments. The mayor said that if the civil service law did not make it possible to reward them as they deserved he would fight to have the law amended. Other detectives who assisted in making the arrests came in for their share of the praise and everybody shook hands.

Carton and Vaughn owed their triumph to a clew that a man with a peculiar walk alone was implicated. "Did one of the robbers have a funny walk?" Vaughn asked Stahl. "He did."

"That's Eddie Mack," asserted Vaughn and they went after him, locating him at his home. A woman arrested with him dropped a card that Fein might be found at 406 South Western avenue. Carton and Vaughn, reinforced by other detectives, made the remaining arrests at this address.

As the officers battered at the doors one of the men threw out a box containing \$7,881 of the stolen money. It was picked up by George Minij, a newsboy who turned it over to the police. The remainder of the money was recovered tonight at Kramer's saloon. Part of it was found in a piano and the remainder in a garbage can.

**Mack a Well Known Pickpocket.**  
Eddie Mack, styled by the police as a well known pickpocket, was said to have been the leader of the five. He was identified with the others by J. Garland Stahl, former baseball player and now vice-president of the

## FIFTY ARE BELIEVED TO BE DEAD IN FLOOD

### LOWER DAM OF SAN DIEGO WATER SYSTEM IN OTAY VALLEY BREAKS

Wall of Water Thirty Feet High Sweeps People, Livestock and Valuable Farm Property to Destruction—Scores Are Missing.

San Diego, Cal., Jan. 28.—At least fifty persons are believed to have been killed late Thursday when the lower dam of the San Diego water system in the Otay Valley, south of here, broke under heavy pressure of flood waters. A wall of water thirty feet high was released.

(Sweeping down the valley the great flood of water carried people, livestock and valuable farm property to destruction. Scores of residents were missing tonight. Houses on 25 ranches were swept away.

The first news of the disaster reached here late today. There had been no communication with the district since the disaster occurred as all wires were down and roads impassable.

Rescuers were unable to reach the scene of the disaster tonight as all bridges were washed out and swollen streams were so treacherous as it was impossible to launch boats to go to the rescue.

Several bodies have been seen floating in the flood waters, according to reports received here.

The death list it was feared here tonight, may reach 25 or 30 but only meager details have been obtained thus far. The breaking of the dam released seven billion gallons of water which rushed down thru the thickly populated and narrow Otay Valley. The property loss will amount to at least \$2,100,000. Because of the fact that they were isolated by the breaking of the dam which shutoff any means of reaching other communities hundreds of families in the vicinity were facing a food famine tonight.

All possible efforts were being made here to send relief to the sufferers in the valley.

## THROW YUMA INTO EXCITEMENT.

Yuma, Ariz., Jan. 28.—Alarming reports from Phoenix regarding an rise in the Salt and Gila rivers in that section has thrown Yuma into excitement almost equaling that of last Saturday when the levee broke and flooded the city. The river Tempe is now within eight feet of highest mark last week and is still rising.

## MINE WORKERS DECIDE TO ASK FOR TEN PER CENT INCREASE

### Seek Twenty Percent Increase For All Men Paid by the Day—Bitter Demands Formulated by An- thracite Workers.

Indianapolis, Ind., Jan. 28.—The United Mine Workers of America in convention decided by a virtually unanimous vote today to ask the bituminous coal operators thruout the country for a ten percent increase in wages at the basing point for miners on a mine run basis, a ten percent advance for all dead work and yardage and a twenty percent increase for all men paid by the day.

In addition the convention ratified the demands formulated by the anthracite mine workers of Pennsylvania at a convention held in Wilkes Barre, Pa., last September asking for a twenty percent advance in wages, complete recognition of the Union and an eight hour day for day labor.

Among the other demands asked for in the soft coal fields is an eight hour day from "bank to bank," that is the time of the miner is to begin at the minute he enters the mine until he emerges after his day's work. The working places in the mines of some men are as far as from one to two miles from the entrance and they want to be paid for the time it takes to walk or ride the varying distances underground.

## NAVAL MILITIAMEN MEET

Washington, Jan. 28.—The Naval Militia association opens its annual convention here today, with officers attending from each of the twenty-one states in which the naval militia is an active body. Secretary Daniels will speak tomorrow at the annual banquet, and is expected to urge the extension of the naval militia. There are now 8,065 officers and men enlisted.

Washington Park National bank. Counsel for Eddie Mack after several futile efforts was granted permission to file a petition for a writ of habeas corpus for the release of his client. The writ was made returnable before Circuit Judge Brothers tomorrow morning.

The automobile said to have been used by the robbers was found by the police late in the day and was taken to the criminal court building. The police said that the automobile was evidently a stolen car from which the license tag had been removed. Charles Kramer and Harry Kramer told police they were arrested in New York after the Rosenthal murder in the room of Harry Horowitz, one of the gunmen electrocuted for the Rosenthal killing. They said they were released after establishing an alibi. Both asserted they came to Chicago in September.

## BRANDEIS IS NAMED FOR SUPREME BENCH

### Senate Receives Nomina- tion With Unconcealed Surprise

## TALK OF OPPOSITION

### Senator Wadsworth Only One Willing to Publicly Record His Opposition to Brandeis

## PINCHOT ENDORSES CANDIDATE

WASHINGTON, Jan. 28.—Louis D. Brandeis of Boston was nominated by President Wilson today for the place on the supreme court bench made vacant by the death of associate Justice Lamar.

**Surprises Official Washington.**  
The senate received the nomination with unconcealed surprise—in which all of official Washington joined—because Mr. Brandeis had not been mentioned among the long list of eligibles which President Wilson considered, or among a equally long list of aspirants who presented endorsements.

Some senators announced to their colleagues they were opposed to the nomination, but declined to be noted to that effect. The only senator found who was willing to publicly record his opposition at this time was Senator Wadsworth, Republican of New York.

Sensors who approved the nomination were not lacking altho they too, avoided public expression of their views. They felt, sure however, they could command the necessary majority to confirm the appointment.

**Nominee Has Nothing to Say.**  
"I have nothing whatever to say; I have not said anything and will not," was Mr. Brandeis' only comment tonight as he went off to dine with President Wilson at Secretary McAdoo's house. Justices Hughes and Pitney also attended the dinner.

Monday, the senate judiciary committee to which the nomination was referred will appoint a sub-committee which according to precedent will consider the nomination and make a report. If today's talk amounts to anything it will develop in the committee. It was learned tonight that among the endorsements sent to the president urging Mr. Brandeis' appointment was one from Gifford Pinchot, former chief forester whose celebrated controversy with Secretary Ballinger brought Mr. Brandeis into the public eye six years ago. He appeared as chief counsel for the forces opposing the former secretary of the interior in the noted Ballinger-Pinchot controversy which sent its ramifications into many phases of politics in the early period of President Taft's administration.

**Works for Zionist Movement.**  
Altho celebrated as a lawyer, Mr. Brandeis has been devoting practically all his time of late to the Zionist movement in this country, which has for its object the repatriation of the Jews to a nation of their own in Palestine. If confirmed he would be the first Jew to sit on the supreme court bench.

Some of the senators disposed to express opposition to Mr. Brandeis today were Democrats who sought to put their objections on political ground. Senator James of Kentucky, the native state of Mr. Brandeis, unreservedly told them the nominee was a Democrat. Justice Lamar whom he would succeed, also was a Democrat. Six of the eight justices now on the bench are Republicans.

The senators who approve the nomination of Mr. Brandeis declared that the opposition was largely in the realm of talk which would disappear as the appointment was considered with mature deliberation. They conceded however, that a contest over a supreme court appointment was not out of the ordinary and recalled that Chief Justice White had one vote cast against him when President Taft elevated him to the head of the bench. On the whole however, no question that comes before the senate is ever treated on a such a partisan basis as an appointment to the supreme court.

## ATTACK SMALL GROUP AROUND GERMAN FLAG

Paris, Jan. 28.—Fresh anti-German demonstrations took place last night at Lausanne, a Swiss city on the north shore of Lake Geneva. Towards midnight the great crowds which surged thru the streets were dispersed but at the railway station a small group of persons surrounded a German flag were attacked by canes, stones and fists. The police were forced to use their swords before they could rescue the men attacked.

#### The Plain People Own Most Cars.

Since statistics show that more than seventy-five per cent of the automobiles owned in this country are held by persons with salaries under the \$3,000 mark, the automobile can never again be termed as a mark of patrician class. With the lower automobile price level which prevails this year, the seventy-five per cent mark is certain to show a still higher figure.

#### Vice Commission in Movies.

Let us hope that Mayor Edmund Beall of Alton is a good actor. Newspaper reports say that he has just signed a contract with a motion picture company at a salary of \$100 a day and expenses during the time needed to complete a six-reel play founded on the work of the Illinois vice commission. Mayor Beall has come into more or less prominence in a political way during several years past, but this last is an achievement along a new line. But it is not out of keeping with the work of the vice commission, which was of a spectacular kind--possibly more spectacular than efficient. Certainly the movie will not be complete unless Lieutenant Governor Barrett O'Hara appears frequently in the cast.

#### Good From Evil.

Good often comes out of evil, and so there is reason for the expectation that the awful roads in Morgan county now may prove of some permanent benefit. For the past four or five years county road conditions have not been very bad for more than a few days at a time, even in the winter season. For this reason many citizens have acquired the feeling that with proper dragging, grading and draining, earth roads can be kept in fairly passable condition all the year round. In this opinion they had not taken fully into account the difference in the winter weather the past few years by comparison with other years. So this season furnishes the rude awakening, and convincing proof is furnished that while in

#### WAR STORIES.

I'm tired of the stories of battle, that word painters send from the front, of peasants who perish like cattle, performing the patriots' stunt; I'm tired of the gun and the armor, of all things that slaughter and slay; so tell me a yarn of the farmer who shucks eighty bushels a day. In lists of the butchered, I see that enchants; I'm tired of the major and colonel, with blood on their bibs and their pants; I'm tired of the spy and the spoiler, of dead ones that litter the sward; O, tell me a tale of the toiler, who whacking up word by the cord, I'm tired of the boys in the trenches, with shoes full of water and loam; far better the plumbers, whose wrenches are fixing the pipes in my home. I've read of the movements of legions, I've read of advance and retreat, of ashes and ruins in regions where once grew the corn and the wheat; and now I am weary of reading these stories of carnage and gore, of myriads wounded and bleeding, of hosts who will wake never more; so tell me a tale of the granger who carries his mules in the morn, who digs up the eggs from the manger, and chucks eighty bushels of corn.

#### DATES IN ILLINOIS HISTORY.

Jan. 29, 1779--George Rogers Clark at Kaskaskia received word that his lieutenant at Vincennes had been forced to surrender his post to a company of British soldiers led by Lieutenant Governor Hamilton of Detroit.

occasional years dragging and grading may keep the roads passable, that for any permanency there must be real road betterment.

#### The Way to Stop Crime.

As an incident of the crime wave in Chicago four boy bandits held up Jake Stahl's bank there and made away with more than \$15,000. The methods used were exactly of the dime novel style and it is surprising that they could "get away with it" in Chicago, a metropolitan city, supposedly with an ample police force. Crime waves usually occur in cities where business is at a low ebb and there is a great amount of non-employment, but this does not furnish the excuse for the present disturbances in Chicago. The lads who took part in Thursday's robbery have been run down, especially because of their inexperience, but one had effect sure, to result is the spectacular publicity given the crime which will influence other boys of the same age to other misdeeds.

Happenings of the kind always bring in their train discussion as to the causes for such crime and people are generally agreed that not punishment, but increasing the home and educational influences which will keep boys off the streets and from disreputable resorts will furnish the only real remedy for eradicating criminal life of this type.

#### The Primary Election.

Secretary Stevenson has not waited for primary law action by the general assembly but in line with the opinion rendered by Attorney General Lucey has issued a statement setting forth that at the election Tuesday, April 11, members of central committees in cities, precincts and state will be selected. In the case of precinct committeemen no nominations need be made and the voters on election day will write in the name of the candidate of his choice. Delegates to the national conventions must in filing their petitions declare their choice for president or set forth the fact that they have no choice.

There are various other points about the April election machinery which must be further cleared up before the people will fully understand all the questions which they will be called upon to settle that day.

#### Sullivan People Have Faith.

The people of Sullivan, Ill. must differ somewhat in disposition from several Illinois citizens if a newspaper story from that town is trustworthy. The statement is made that an architect has been named to draw plans for a township high school there and that soon bids will be asked for and a site selected. Before the actual work of building commences a bond issue will be voted upon to provide money for the building expense. The Lincoln Courier-Herald suggests that the people of Sullivan must have much more confidence in the bond issue carrying than is true in Lincoln. In most communities bond issues for building expenses do not carry unless those especially interested carry on an active campaign and even then various failures are recorded. If the Sullivan people are of such one mind on this project that the thought of a bond issue failing to carry has never been suggested, they certainly have reached a high state of civic pride and are to be congratulated.

#### Wilson's Troubles Multiply.

During President Wilson's campaign for election Mr. Roosevelt persisted in referring to him as Professor Wilson. In these later days the appellation seems especially fit as one reads the scholastic statements that the president makes in dealing with various public questions. He handles linguistically at least, some questions of state, just as a school master would do. It is natural that he should, for thus he follows his bent of mind and long years of training in thought and speech.

The president's troubles are now coming thick and fast, and it is certainly a realization of some of these troubles which has brought about his present speech making tour. He has parted from leaders in his party on several important subjects. Senator Kern and Representative Kitchen disagree with his defense program. Mr. Underwood has come out flatly against the Wilson suggestion of a permanent tariff board, and still other notable instances might be mentioned where the president now has differences with the leading members of the Democratic party. There are indications too, that the speech making program determined upon as a means for rebuilding some breaking political fences may prove the wrong thing at the wrong time. Long time politicians are of the opinion that the speaking tour of the president will go down in history as a political mistake.

#### Brandeis for Supreme Bench.

The nomination of Louis D. Brandeis by President Wilson to be the associate justice of the supreme court is said to have come to a great majority of those who have been watching public affairs as a great surprise. Nearly a hundred names have been under consideration by the president from his own initiative or because of petitions filed in behalf of various men considered as available material. The name of Mr. Brandeis had not been mentioned in any prominent way in connection with the appointment. From a political standpoint his name will not be received with favor but the general public will look upon Brandeis as an eminent lawyer, who because of his known desire to protect the rights of the people, should make a just jurist. Because of his activity in the New Haven case and in the suit which former Secretary Ballinger was the central figure of attack, Brandeis has incurred the displeasure of several large interests. His record and achievements entitle him to credit for having worked himself up from an insignificant position to one of

great influence. He was born in Louisville, Ky., sixty years ago and is a Jew. If his nomination is confirmed he will be the first associate justice of the Jewish faith to sit upon the supreme bench.

Numerous opponents of a protective tariff have been asserting recently that "we cannot go on indefinitely selling to other countries more than we buy from them." The inference they would have us draw is that since a protective tariff cuts off imports and encourages exports by building up home production, we would ultimately reach the point where we could no longer find buyers with money to spend. But those who advance this theory overlook several important facts. One of these is that sales and purchases of merchandise do not constitute all of international trade.

Payment for service is another factor; payment of interest and dividends is a third factor and expenditures by tourists a fourth. Altogether we have been an export nation with a balance of trade in our favor, we have been a debtor nation because we paid foreign ship owners for carrying our merchandise, we pay huge sums every year as interest and dividends on foreign capital, and our people spend millions every year touring Europe and the Orient. If we had not built up a huge trade balance we would have been bankrupt long ago. And that explains why American business was wrecked by the Democratic tariff law. We were sending large sums abroad for the three purposes mentioned, but balancing it with surplus exports. The low tariff law turned the balance of trade against us and then it was all outgo and not net income. We had reached the point where industrial bankruptcy confronted us. The war averted the full destructive blow that threatened American business.

#### The Bond Issue and Adequate Water Supply.

At the public health banquet last night the talk naturally drifted into the close relationship of a good water supply and public health. The speaker related how as a result of the survey in Springfield the order has gone forth that every resident on streets where water mains are laid must use city water, and the effort was made to have pure water thus available for use instead of depending upon wells so often contaminated.

Mayor Rodgers took occasion to emphasize the fact that to provide a larger supply of water from the north side wells where analyses thus far have always shown pure, will need an expenditure of money which can only be provided with a bond issue. Until some changes are made in the mains, enough water to supply even the present consumers of city water cannot be forced into the reservoir from the north side station. It is for enlarged equipment at the north side station, for changes in the mains which will increase the supply, and improve the method of delivery, that the council some time since determined to ask for a bond issue. The \$75,000 to be asked for will be sufficient to provide for this very important enlargement work, will pay for light plant betterment also, and thirdly, for the establishment of a central heating plant to make use of steam which now goes to waste. The mayor's reasoning on the bond issue is sound, and as people understand the administration's plans for permanent improvements, for which the expenditures will provide the feeling is favorable. As a rule opposition to local betterments comes from a misunderstanding of what it is purposed to do.

#### The Township High School Idea.

The township high school sentiment is growing constantly thruout the state and much of the opposition which was formerly marshalled against township high school projects has been done away with by the state law which makes it compulsory for school districts to provide high school education for all children of school age within the township limits. Landowners have discovered that the taxation expense for the building of a high school is not as great as the cost occasioned by sending children of the township away to some high school in another district and that there are many advantages in having the facilities at home. In a number of Illinois cities the township high school has come as an evolution of necessity. With increasing demands for enlarged work in the high school there has inevitably come increase in expenditures and in a number of cases these expenditures have reached the limit which taxation makes possible without having reached the desired limit of equipment or teaching efficiency. Where such conditions exist, the township high school plan provides the way by making additional funds available, thus giving the means for better equipment, higher priced instructors and more of them.

In Jacksonville the high school is about that condition. All the money available for school purposes is being expended for the high school. Good work is being done, but from year to year the attendance is increasing and there are increased demands for a broader scope of work. If the local high school develops further, some new means of revenue must be found.

It will pay you to invest in a suit of winter clothes at Kniles.

#### ELECTED A DIRECTOR.

At a recent meeting of the stockholders of the White Hall Sewer Pipe and Stoneware company Dr. H. L. Griswold of this city was elected a director to succeed T. S. Ellett and Augustine Christy was elected a director to fill the vacancy occasioned by the death of A. P. Grout of Winchester.

## WINCHESTER HIGH SCHOOL GIRLS GIVE PLAY AT LYRIC THEATRE

"A Dress Rehearsal" is Witnessed by Audience of Good Size—Other Winchester Notes.

"A Dress Rehearsal" was the title of a play given before a good sized house at the Lyric theatre Friday evening by the Girls' Glee club of Winchester high school. The scene of the play was "Grove House Academy", and the spirit with which each performer acted her part accounted in a large measure for the excellent success of the performance.

The play was based upon a sketch by Lewis Biehl and the training of the cast was in charge of E. C. Gorman. Music was furnished by the Winchester orchestra, with Mrs. J. W. Eckman as accompanist.

Following is the cast:

Miss Jones, principal of Grove House Academy—Miss Frances Coulter.

Miss Epineard, the French Governess—Miss Mildred Funk.

Amy Fflos, afterwards Cinderella—Miss Helen McLaughlin.

Clara Wilkins, afterwards the Princess—Miss Hazel Doyle.

Sara Ann, the greedy girl—Miss Ella McLaughlin.

Sophonisa Spevins—Miss Julia Hainsfurther.

Martha Higgins and Carrie Jackson, the Spiteful Sisters—Miss Barbara Owings and Miss Ione Keuchler.

Mrs. Jarvey—Miss Nylene Prewitt.

Prudence Pinchbeck—Miss Madeleine Hainsfurther.

Rosa Jennings, afterwards Fairy Godmother—Miss Margaret Priest.

Servant—Miss Alice Bates.

School girls—Misses Edith Watt, Janice Taylor, Grace Leach, Winona Hill, Olga Hieronymus, Harriet Miller, Ella May Lashmet, Edith Montgomerie, Bertha Moore, Rose Mary Moore, Mary Reynolds, Vera Rickard, Irene Cohagen, Louise Townsend, Deane Kincaid and Zema Penton.

Mrs. H. D. Trickey and children are expected to arrive today from Lucerne, Ind. for a visit in Winchester.

## WILL START CAMPAIGN FOR RECALL OF COMMISSION FORM

Petitions in Springfield Will be Out Monday—Disappointed Office Seekers Back of Movement.

Springfield, Ill., Jan. 28.—Petitions demanding the recall of the commission form of government were withdrawn yesterday because they were directed to the election commission and not to the city clerk as provided by law.

It is said that the petitions will be in circulation by Monday when the campaign for 6,000 names will start. This is twenty-five per cent of the vote cast at the last general election.

Practically all of those who are behind the recall movement were candidates for positions under the newly organized city commission, and their action is looked upon as an attempt to take a slap at the present city administration.

## JERSEVILLE DEFEATS WAVERLY; SECOND TEAM BEATS MODESTO

Waverly high school first team was defeated by Jerseyville Friday night by a score of 43 to 24 in a game at Jerseyville. The same night saw a victory for the second team in a game at Modesto, Waverly winning by a 33 to 6 score. The Waverly teams have been doing good work this season and the fact that Jerseyville came out winner does not stand greatly in Waverly's disfavor as the Jersey county school is a much larger one.

The first team, playing at Jerseyville, consisted of Rodgers and McMahon, forwards; Hughes, center; Lyons and Swift, guards. The second team lineup: Hobaker and Reagle, forwards; Redfern, center; Colbert and Burns, guards. Allen, substitute.

## ARRAIGNS AMERICAN PEOPLE AS UNPREPARED IN MANY WAYS

CHICAGO, Jan. 28.—George W. Perkins, addressing the preparedness banquet of the Illinois Bankers' association here tonight arraigned the American people as unprepared in ways other than the military.

"Preparedness of the mental sort," said Mr. Perkins, "is unquestionably the first requisite and it seems to me that our country is woefully unprepared in this respect. I believe this is so largely because the best minds of our country during recent years have been given almost wholly to industrial pursuits. The best thoughts of the country have been put into business problems and the poorest thought into our unsolved problems of statesmanship. The uninformed, unlighted condition of thought condition that confronts us. Our people are so uninformed as to the fundamental causes of our troubles that they are wholly unprepared to join in any sane constructive movement to correct them."

## PREBERG IS BOMBARDED

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, February 2, 1916 one day only. (Returns every 23 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville, Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and leave to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands moist? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Pimples? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or limbs? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my method, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge. REMEMBER DATE OF VISIT. Come early as parlors are always crowded. A friendly call may save you future suffering. It has made happy to thousands who had been pronounced beyond hope.

## SEVEN ARE BURNED IN FIRES AT DU PONT POWDER PLANT

Three Workmen are in Serious Condition—Loss is Estimated at \$100,000.

Wilmington, Del., Jan. 28.—Seven workmen were burned, three seriously in four fires that occurred at the Carney's Point, N. J., plant of the DuPont Powder Company at 6 o'clock.

The cause has not been determined. An estimated loss of \$100,000 was caused when 180,000 pounds of smokeless rifle powder were consumed. There were no explosions, the accidents being confined to "flares."

The buildings destroyed, but were not valuable. The fires followed in quick succession and lightened the skies for more than thirty miles around. The streets here, five miles from the scene were brilliantly lighted.

The first fire occurred in a rifle powder detention house at plant No. 1. The victims were working in that structure. This spread to another detention house in plant No. 3, then to a rifle powder dry house and a car unloading house several hundred feet away.

The most seriously injured are: Fred Fitz, Reading, Pa. William Wallace, Hadley, Pa. Two hours after the four "flares" a service house in plant No. 3 ignited and was destroyed together with 1200 pounds of smokeless powder. This was independent of the previous fires.

## MILLIKIN WINS FROM ILLINOIS

SLOW GAME GOES TO DECATUR FIVE 26 TO 18.

Millikin Had Score 17 to 8 at the End of the First Half—Contest Was Void of Spectacular Work and Basket Throwing Mediocre.

Decatur, Ill., Jan. 28.—In a slow and uninteresting basketball contest here tonight, Millikin University defeated Illinois College of Jacksonville, 26 to 18.

Millikin secured her lead in the first half, the score at that period being 17 to 8, and during the second half the local team only played even with the visitors.

Neither of the fives showed any spectacular work and the basket throwing was a mediocre character.

The line-up:  
Illinois Position Millikin  
McLaughlin Forward Query  
Gaylord Forward Norris  
Frisbie Center Miller  
Cotter Center Stewart  
Pierce Guard Goltz

Officials—Referee, Young; Umpire, Rand.

## MORE THAN HUNDRED FIREMEN ARE OVERCOME BY GAS FUMES

Blaze Destroys Drug Store in Heart of Detroit Business District—Total Damage is About \$200,000.

Detroit, Mich., Jan. 28.—More than one hundred fire men were overcome by smoke and gas fumes today while fighting a stubborn blaze today which destroyed the drug store of E. C. Kinzel, at Griswold street and Michigan avenue, in the heart of the business district. Several other concerns were reached by fire and water. The total damage was about \$200,000, practically covered by insurance.

Explosion of chemicals which were being heated is believed to have caused the fire which started during the forenoon. Flames soon reached the basement where drugs and chemicals were stored. Great billows of poisonous smoke poured from the building.

A theater across the street was converted into a hospital and dozens of firemen received temporary treatment there. Seven of the fire fighters who were not restored to consciousness by oxygen machines were taken to a hospital.

When the fire broke out fourteen people were being treated in a dental parlor above the drug store. All escaped.

## FUND FOR DANBURY HATTERS CASE DEFENDANTS MAY REACH \$450,000

DANBURY, Conn., Jan. 28.—National officers of the United Hatters of North America estimated today that the contributions made yesterday for the relief of the defendants in the Danbury Hatters case would be at least \$350,000 and might reach \$450,000, according to word received here from the hatter's headquarters in New York.

Reports received indicated that funds to meet the \$252,000 damages and costs awarded D. E. Loewe and company, plaintiffs in the case would be sufficient to protect the defendants from losing a dollar of their personal property.

About \$400,000 would be needed, it was stated.

## BLOCK EFFORTS TO HASTEN VOTE.

Washington, Jan. 28.—An effort by Chairman Hitchcock of the senate Philippine committee to hasten a vote on the Philippine bill was blocked today by Senator Cummins who objected to a suggestion that after Tuesday speeches be limited to 17 minutes and gave notice he would introduce an amendment which he would want to discuss at length. Arguments against granting independence to the Philippines were made by Senators Lippitt, McCumber and Harding.

## TAILOR SUICIDES.

Danville, Ill., Jan. 28.—Homer Clawson, a Danville tailor, was found dead in a Hoopston tailoring establishment. He had attached a rubber hose to a gas jet, put the other end to his mouth and placed an overcoat over his head to hasten the work of the fumes. Domestic troubles are believed to have caused the act.

## MANCHESTER.

The Ladies' Aid society of the Christian church met with Mrs. Carrie Brown Thursday afternoon and held election of officers in connection with their regular work. Ten ladies were present and elected Mrs. C. L. Leitze as president, Mrs. Carrie Brown vice-president, Mrs. R. H. Walton treasurer. The ladies expect to serve dinner and supper the two days of the Scott County Teachers' meeting held here some time soon.

Russell Chapman and Miss Mabel Blevins have been added to the sick list this week.

## JACKSONVILLE TO HAVE A SANITARY SURVEY

STATE BOARD OF HEALTH FAVORABLE TO PROJECT.

Dr. George T. Palmer, Head of State Anti-Tuberculosis Work, Speaks at Meeting of Morgan County League—Miss Olmsted to Leave—Constitution Revised.

Jacksonville is soon to have a sanitary survey, according to assurances given by Dr. George T. Palmer of Springfield in an address to members of the Morgan County Anti-Tuberculosis league, assembled at the Peacock Inn for the annual banquet and business meeting. Dr. Palmer quoted Dr. St. Clair Drake, secretary of the board, declaring that an application for a survey in Jacksonville had been received favorably and that the beginning of work rested with action by the state civil service commission.

A hundred people heard Dr. Palmer at the close of an excellent three course dinner, served at 7 o'clock in the dining hall. Mrs. A. L. Adams presided and Carl Weber served as secretary. Mayor H. J. Rodgers, the first speaker, gave report of the public health ordinance drafted several months since by a committee for the purpose. Barring unforeseen occurrence the ordinance will come up for first reading at the council meeting Monday. Mr. Rodgers said Dr. Palmer's message as a man familiar with board of health work and anti-tuberculosis activity as well as received with general enthusiasm and the meeting as a whole seemed by all odds the most successful of recent years. Following the banquet proper members of the league remained for transaction of business and election of officers.

**Miss Olmsted Resigns.**  
Miss Katherine Olmsted, Mrs. Adams announced at the business session, has accepted a position with the extension department of the University of Wisconsin and will leave Jacksonville March 1. Resolutions embodying the appreciation of Miss Olmsted for faithful service in the capacity of public health nurse were ordered prepared on motion of Dr. Josephine Milligan.

Mrs. David Reid reported for the open air school committee and Mrs. Herbert J. Capps gave the treasurer's report. Mrs. J. K. C. Pierson made the report for the nominating committee. The financial report showed a balance on hand of \$1,335.51 in the league treasury. Receipts from June, 1915, to January, plus cash balance amounted to \$2,091.26, with expenditures for the period, \$1,363.05.

The constitution and by-laws were read as recently revised and the changed documents were adopted by unanimous vote.

## The New Officers.

Following are the new officers of the league:  
President—Mrs. A. L. Adams.  
First Vice President—Dr. Grace Dewey.  
Second Vice President—W. F. Roegge.  
Third Vice President—Dr. R. O. Post.

Secretary—Miss Grace Carter.

Treasurer—Mrs. Herbert J. Capps.  
Directors—Miss Louise Capps, Dr. C. E. Cole, Mrs. C. E. Black, Kath. I. Linnap, Miss Phoebe Dummer, the Rev. G. W. Flagg, Dr. T. O. Hardesty, Dr. Josephine Milligan, Mrs. J. K. C. Pierson, the Rev. Myron L. Pontius, Mrs. David Reid, Supt. H. H. Vasconcellos, Dr. H. C. Wolfman, Miss Florence Ward and Carl H. Weber.

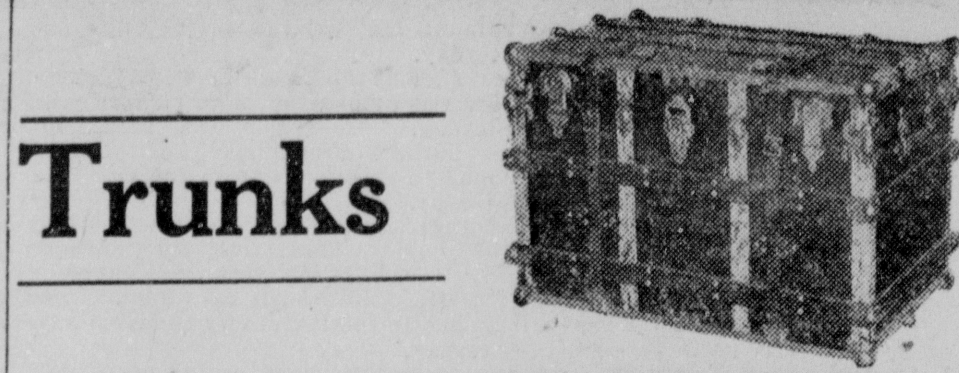

Dr. Palmer is president of the Illinois State Association for the Prevention of Tuberculosis, and has for many years also been connected with board of health work. He has been health officer of Springfield and as assistant secretary of the state board of health had much experience in that phase of public work. As a representative from the state anti-tuberculosis organization Dr. Palmer said that he was coming with a message of encouragement and congratulation. Especially significant, said he, is the fact that for the first time in history of public health activity it is possible for one man to speak with authority about these two organizations and from intimate acquaintance with work of both. The aims of the anti-tuberculosis society and the board of health are so inseparably interrelated, intimated the speaker, that it would be useless to hope for large attainment or permanent accomplishment by the one body without active co-operation on the part of the other.

**A Survey for Jacksonville.**  
Speaking for the state board of health, Dr. Palmer assured his audience that the report for a sanitary survey of the city of Jacksonville had received favorable consideration by the state authorities and that work would go forward as soon as the civil service commission can certify suitable engineers who will make up the new state department of sanitary engineering. The speaker laid great stress on the advantages of such a survey and gave concrete illustrations of what had been done in this way for Springfield.

The Springfield sanitary survey was made in 1912 while Dr. Palmer was health officer, and so completely was the field covered that Professor Graham Taylor declared it to be the most complete survey made up to that time in any city of the country. Typhoid mortality was immediately cut in half and it was only because of the fact that the Springfield council failed to pass ordinances sufficiently drastic that mortality did not remain at this lowered figure.

**The Springfield Survey.**  
The survey did much for the promotion of civic spirit, said the doctor, and for comprehension of civic defects and it did much to create the spirit of investigation, which made possible the more complete Russell Sage foundation survey last summer.

"Such a survey makes it possible

Dr. King's New Discovery for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation.

"I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them free from cold. I can't say too much for it, and take pleasure in recommending it to my friends." Mrs. A. S. Haines, Franconia, N. H.

## MORTUARY

Mrs. Susan Jordan, residing at 344 West College avenue, received a telegram yesterday announcing the death of her cousin's son, Medemott Turner, at his home in Rahaka, Missouri. Deceased had been married about two years and left a wife. A baby boy died about three months ago. Mr. Turner was a great favorite with all who knew him. He was a member of the legislature and used to be called the baby of that body. His father was a circuit judge for twenty years and was a pupil of Mrs. Jordan.

T. D. Ayers of Springfield had a call to the city yesterday.

## DAIRYING AT SCHOOL

## FOR THE DEAF

About seven years ago the dairy  
 barn and sheds were destroyed by  
 fire. Everything was rebuilt and at  
 present is one of the most up-to-  
 date dairy plants in the country and  
 is under the management of Mr.  
 James Stubblefield and his able as-  
 sistants, Mr. Roy, Mr. McClain and  
 Mr. Ott Seymour. They have a herd  
 of fifty cows, all Holsteins but five  
 head, which are Jerseys; thirty-  
 seven cows are giving milk and the  
 best record of a single cow is 1,231  
 pounds milk in one year. They have  
 two Holstein bulls. The bulls are  
 taught to go to their own stalls, no  
 ring used in their nose; they are  
 kept in a box stall and treated with  
 kindness, as all of the herd, this  
 being essential to the production of  
 milk.

The thirty-seven cows average  
 three to six gallons per day, this  
 being the low milking period. Each  
 cow has a number and Mr. Stubble-  
 field and his assistants are so well  
 acquainted with the herd that each  
 cow is known at sight. The amount  
 of milk from each cow is kept sepa-  
 rate and weighed; regular reports  
 are kept and sent to Springfield. All  
 the heifer calves are kept for cows.  
 No cows are bought. Two year old  
 heifers are sometimes sent to the  
 other state institutions. The milk-  
 ing barn will hold fifty cows, has a  
 feed room, two bedrooms and toilet.

This building is built of brick, with  
 concrete floors and is used for milking  
 only. While milking the cows  
 are given a feed of oil meal, oats  
 and corn, all being ground.

About 200 pounds of milk are pro-  
 duced each day and is hauled to the  
 creamery with a horse. Each cow  
 receives about ten pounds of feed  
 per day, while being milked. The  
 cows will let down their milk bet-  
 ter when fed. Mr. Stubblefield has  
 had charge of the herd nineteen  
 years, is very particular about strip-  
 ping and seldom loses a cow and  
 never uses a cross word. Next to  
 the milking barn is the hay barn,  
 where alfalfa is fed, but clover hay  
 is preferred to alfalfa for milk. The  
 milking barn is 32x108 and the hay  
 barn is about the same size and can  
 be closed in and made tight.

The standeons used are of the  
 Jones type and are built in Wis-  
 consin. They have two silos, 40x16,  
 and have an open shed with trough  
 the whole length for feeding ensi-  
 lage. They also have an open shed  
 for young cattle. Milking is done  
 about 3:30 p. m. and about the same  
 time in the morning. An open lot is  
 used for feeding fodder and other  
 roughness.

Mr. Stubblefield is particular as  
 to fresh and pure water for the cows  
 and it plays an important part in  
 the production of milk. The institu-  
 tion prefers the Holsteins to the  
 Jerseys and will soon dispose of all  
 the Jerseys. The cows are all well  
 bred, some are thoroughbred, but  
 none are registered, the grades being  
 as good for milk.

MILD WEATHER IN SOME SECTIONS  
AND STORMS CHECK RETAIL TRADE

Movements Continue at a Smart  
 Pace in Every Other Respect—  
 Jobbers Are Busy Making Spring  
 Shipments.

New York, Jan. 28—Bradstreets  
 tomorrow will say:

"Mild weather in some sections  
 and storms in others have checked  
 retail trade, but in every other re-  
 spect, movements continue at a  
 smart pace—smarter than hereto-  
 fore in January—in fact and in the  
 larger aspects, practically all reports  
 are stamped with evidence of uni-  
 form activity. Jobbers are busy  
 making spring shipments, house as  
 well as road sales show gains, buy-  
 ers of drygoods are out in large  
 numbers seeking quantities that they  
 cannot get in all cases, due to the  
 dyestuffs shortage; some consumers  
 of steel seem willing to commit  
 themselves as far ahead as 1917,  
 mail order houses say trade is very  
 heavy the old story of manufactur-  
 ers being rushed to capacity is in-  
 creasingly emphasized. Wages con-  
 tinue to advance, money is easy, col-  
 lections are good, banks are filled  
 with funds, bank clearings heavily  
 exceed those of one or two years  
 ago, wheat speculation is the heav-  
 est known, interest in real estate  
 is reviving the country over, build-  
 ing, which suffered relatively little  
 check this winter promises to be  
 very active the coming spring and  
 fresh industrial developments or ad-  
 ditions to existing plants sug-  
 gest that this country is entering on  
 a new industrial era. Weekly bank  
 clearings \$4,426,755,000.

 all along been firm advocates of  
 the need of better road conditions in  
 Morgan county, but they would have  
 been converted by their experiences  
 Friday if they had not already been  
 on the right side of this great ques-  
 tion. Their home is in the Joy Prarie  
 neighborhood about seven miles  
 northwest of Jacksonville. They  
 started with two other persons Fri-  
 day morning for Jacksonville, riding  
 in a light spring wagon and driving  
 a splendid team of draft horses. Af-  
 ter several hours of uncomfortable  
 travel the horses had succeeded in  
 drawing the wagon and occupants a  
 distance of three miles. Then it was  
 found necessary to abandon this  
 method of travel and the horses were  
 unhitched and two of the party rode  
 on the animals' backs to Jacksonville  
 and the other two walked. From all  
 parts of the county come statements  
 that the roads of the county are now  
 in worse condition than has been  
 true for at least five or six years.

FRANKLIN HIGH WINS  
FROM BUSINESS COLLEGE

Jacksonville Five Loses by Score of  
 13 to 23 in Fast Game at Frank-  
 lin.

In a fast game of basketball played  
 Friday night at Franklin, the  
 Jacksonville Business college five  
 lost to the Franklin high school team  
 by a score of 13 to 23. At the end  
 of the first half the score stood 17  
 to 3 in favor of Franklin. The bad  
 weather cut down the attendance.  
 Tonight the Franklin Independents  
 will play the Thayer "Maroons".

WANTS RESTORATION OF  
LEGAL RIGHTS AS CITIZEN

Court Refuses Request of Helen Au-  
 gusta Angell, Paroled from Jack-  
 sonville State Hospital.

In the county court Friday Helen  
 Augusta Angell presented a petition  
 to Judge W. E. Thomson, asking to  
 have restored to her all her legal  
 rights as citizen and to restore to  
 her all property rights. The court  
 denied the petition on the ground  
 that this court was without juris-  
 diction in the case.

Helen Augusta Angell recites in  
 her petition that she was adjudged  
 insane in Tallula, Menard county,  
 Jan. 27, 1914, and sent to Jackso-  
 nville insane hospital. She states  
 that she has since been restored to  
 reason and therefore wanted her  
 complete rights restored.

Judge Thomson in refusing the pe-  
 tition took the ground that the pe-  
 titioner being sent from another coun-  
 ty her rights could not be restored  
 in this county, but should be restored  
 in the county from which she was  
 committed. Judge Thomson also  
 said that no court had a right to  
 restore a person's citizenship who  
 has been committed to the insane  
 hospital unless the authorities of the  
 hospital declare her discharged as  
 cured. In this case Judge Thomson  
 said the petitioner was only out on  
 parole.

WEALTHY NEW YORKERS MAY  
EXPOSE WHITE SLAVE BLACKMAIL

New York, Jan. 28—The white  
 slave blackmail, the latest thriller  
 for New York, may be brought out  
 from the dark closets of many New  
 York families today. For many  
 months past, wealthy men and  
 women have been blackmailed un-  
 mercifully, according to the federal  
 officials and the government attor-  
 neys will try to produce these New  
 Yorkers in court today to prosecute  
 the alleged leader of the "white slave  
 blackmail" gang.

Don Collins, or Robert A. Tour-  
 billion, as he prefers to be called,  
 was recently brought before U. S.  
 Commissioner Houghton, and he is  
 held under \$50,000 bail to face the  
 government's accusation today of  
 being the "head and shoulders in the  
 worst gang of blackmailers in the  
 country". The formal charge is  
 conspiracy to obtain money by fraud  
 and extortion, his accomplice being  
 according to the government offi-  
 cials, William Butler, who was caught  
 in the federal net in Philadelphia a  
 few weeks ago.

Several wealthy New Yorkers gave  
 information to the Department of  
 Justice that they have paid thou-  
 sands of dollars in "hush money"  
 under threats of arrest under the  
 Mann White Slave act for traveling  
 with women across state lines. Phila-  
 delphians also furnished similar in-  
 formation and Collins was arrested.

The assurance of the government  
 officials that the complainants are  
 all eminently respectable men has  
 led to speculation as to whether  
 these wealthy New Yorkers and Phila-  
 delphians will appear today to  
 testify the leader of the "gang" and  
 tell the circumstances under which  
 they were lured. Some very in-  
 teresting testimony is bound to come  
 out, if the complainants appear. It  
 is known that several of those who  
 furnished the original information  
 are not willing to expose their names  
 to the unkind remarks and stigma of  
 a white slave case. Asst. District At-  
 torney John C. Knox has threatened  
 to force these victims to testify by  
 serving subpoenas upon them.

The expose of the "white slave  
 blackmail" was begun recently in  
 Philadelphia, when Mrs. Susan G.  
 Winpenny, a highly respected society  
 woman, identified Butler, the alleged  
 accomplice of Collins, as one of  
 three men who called upon her last  
 year and demanded \$3,000, under  
 threat of arresting her son on a  
 charge of white slavery. In the  
 face of much unenviable notoriety,  
 Mrs. Winpenny aided the govern-  
 ment detectives and told the full  
 story of the attempt to blackmail  
 her. It is said by the secret service  
 men that fully \$200,000 has been  
 mulcted from prominent people, but  
 none of them would go so far as the  
 Philadelphia woman.

According to Mrs. Winpenny, But-  
 ler and two other men called at her  
 summer home last June. They said  
 they had followed her son, Marshall

Winpenny, and a young woman to  
 Wildwood, N. J., and had records of  
 the times the young man and young  
 woman were there. They asked for  
 \$5,000 to "fix the chief". She plead-  
 ed she did not have the money avail-  
 able, and they agreed to accept \$5,-  
 000, saying it would be hard to sat-  
 isfy the "chief" with that small  
 amount. They showed warrants and  
 badges, which have been proven to be  
 imitations.

Mrs. Winpenny testified she finally  
 put the men off, saying she would  
 consult her son and that, if he de-  
 sired her to pay the money to keep  
 him out of trouble, she would do so.  
 She reported the case to the federal  
 authorities, but the men learned of  
 what was going on and failed to re-  
 turn for the "bundle".

## SUIT ATTACKS U. S.

## IRRIGATION IN WEST.

Washington, Jan. 27.—The district  
 supreme court will take up to-  
 morrow the suit brought by the  
 Southern Pacific Railroad company,  
 involving the right of the United  
 States to reserve in land grants an  
 easement in favor of the government,  
 by which it may dig ditches in con-  
 nection with the general irrigation  
 system in the west. The railroad  
 company points out that its right to  
 a patent for the land is admitted,  
 but that under a recent ruling of  
 the interior department, Secretary  
 Lane is reserving the land grants  
 a right to enter and dig canals and  
 ditches if necessary for irrigation  
 purposes. The railroad says there  
 is no legal authority for such reser-  
 vation, and that it would burden  
 the title to the land so much as in  
 many cases to render it unsalable.  
 Secretary Lane has been cited to  
 appear tomorrow in answer to the  
 suit for mandamus.

## TAKE STEPS TOWARD PEACE-

## FUL SOLUTION OF PROBLEM.

Chicago, Jan. 27.—Steps toward  
 a peaceful solution of the problem  
 surrounding Roger Bresnahan's fu-  
 ture and the future of the Cleveland  
 American Association franchise were  
 taken today at informal discussions  
 in which President Weeghman, Presi-  
 dent Johnson and Bresnahan took  
 part. The result of the conferences,  
 except that no court action over  
 Bresnahan's contract was expected,  
 was not made public.

## CHARLES C. GRISWOLD DIES.

New York, Jan. 27.—Charles C.  
 Griswold, vice-president of the F. W.  
 Woolworth company died today at  
 his home here at the age of 48 years.  
 Mr. Griswold came to this city from  
 Evanston, Ill., two years ago. As  
 a small boy he started in the serv-  
 ice of one of the first Woolworth  
 stores.

BOILS AND  
PIMPLES DANGEROUS

S. S. S. Your Remedy.

Modern science has proven that boils  
 and carbuncles, pimples and unsightly  
 skin blotches, are signals of disor-  
 dered blood. Scaly skin and itching of Ecze-  
 ma, Scrofula, rashes—all skin diseases  
 are aggravated by bad blood—it's the  
 infected blood that's dangerous. Don't  
 wait for the boils. If you have pimples  
 and blotches, take instant action. Pim-  
 ples tell you that your blood is filled  
 with impurities. You must wash out  
 your blood, and stimulate it to healthy  
 action with Nature's own blood tonic,  
 S. S. S. It is the standard blood puri-  
 fier of the world. Don't use drugs, oint-  
 ments, salves. S. S. S. reaches the blood,  
 drives out the impurities. It makes  
 healthy perspiration—the poison is lit-  
 erally sweated out through the skin.  
 Boils, blotches, Eczema and the Scrofula  
 indications disappear. It does what  
 salves and lotions can never do—it  
 goes to the root of the trouble by  
 reaching the blood. Your skin becomes  
 clear and you soon feel the vigor of  
 perfect health. S. S. S. is purely veg-  
 etable. You can get it any druggist's.

## HART FAMILY LONG TIME RESIDENTS OF MORGAN COUNTY

Honorable Career of Members Whose Grandparents Emigrated from Kentucky.

Almost 45 years ago a young man residing on Hart's Prairie, some eight miles distant from Franklin, took to himself a wife and came to Jacksonville to prepare for the arduous duties of housekeeping. He went to the south side of the square to a very unpretentious, one story frame building and there met a young man and his wife the first time they had seen each other a very pleasant acquaintance was formed. A stove was bought and various kitchen utensils and after a pleasant conversation the young married man proceeded on his way home.

Yesterday the two met again, both grey haired this time, and had a pleasant conversation regarding olden times. The gentleman from the prairie said that stove was the best one that had ever entered his home tho it was long ago worn out but it had stood more hard usage than some more pretentious articles since purchased.

The gentleman was Solomon Hart, youngest son of Solomon Hart, Sr., who first saw the light of day in Kentucky more than a hundred years ago. He went with the family to Tennessee when he was but ten years of age and there grew to manhood, married a wife and began rearing a family. The hills and knobs of Tennessee were not very attractive to the young pair and they decided to see if the stories they had heard of the black prairies of Illinois were true and accordingly, taking their all, which was easily transported in a few ox wagons, they started on the long journey that could now be performed in a day or less.

A spot near Jacksonville first attracted them and they settled there a short time but decided to change their location and after due investigation they entered several hundred acres of land some eight miles from Franklin, not far from Scottville and there settled naming the vicinity Hart's Prairie. The government charged the young people \$1.25 an acre and they paid it for over five hundred acres and went to work making a home and establishing the good name which has ever been the possession of the Hart family.

There was some prairie and some timber for the residents of the timber land of Tennessee could hardly think of settling on a treeless tract and they chose some trees along with the grass. There they settled and there they went to work and any historian of Morgan county knows the work of that family. The parents were members of the Christian church but the sons and daughters mostly allied themselves with the Baptist denomination and several

## CO-OPERATIVE EFFORT NEEDED; FOR FOREIGN BUSINESS

Manager for General Electric Company Shows That Factories Could By This Means Be Kept Busy All The Time.

New Orleans, January 28.—"Co-

operative foreign effort would keep our factories running at 100 per cent of capacity," said M. A. Oudin, Manager of the Foreign Department of the General Electric Company, of Schenectady, N. Y., in an address before the National Foreign Trade Convention here today.

"Since export cooperation would lower the cost of distribution, and by the added output, the cost of production as well," Mr. Oudin argued, "the home consumer in consequence would benefit to the extent that the manufacturers were able to reduce their unit of cost." He continued: "It is recognized as elementary that in order to obtain the quantity output necessary the average manufacturer should endeavor to sell abroad a reasonable percentage of the total capacity of his plant, even if these sales do not carry the same profit as domestic sales. This business keeps busy plant and men who otherwise would be idle. It forms a backlog in good years and lean, and acts as a stabilizer to the more important domestic trade. Moreover, the practice of selling abroad at lower prices than at home is quite generally followed by our European competitors.

"The actual situation confronting American exporters is, that there exist in our statute books Federal laws which prohibit cooperation, although intended solely for the prosecution of the export trade of this country.

"This prohibition is effective notwithstanding that the export cooperation may not be accompanied by unfair practices, may not take a preponderant part of a given industry and may not be against the public interest.

"The written law which in its foreign aspect has not yet been judicially passed upon, is not qualified by any exceptions unless cooperation by non-competing interests may be regarded as an exception.

"In other words, the existing anti-trust laws, enacted primarily for the benefit of the domestic consumer, by prohibiting monopoly and restraint of trade, and by increasing competition between manufacturers and producers at home, are equally applied to the regulation of our foreign commerce.

"The net results are an impaired efficiency of our exporting methods and the creation of destructive competition among American manufacturers in their foreign trade.

"The serious handicaps confronting our international trade in meeting new conditions can be overcome, and a very important impulse to our foreign commerce can be imparted by the creation of a widespread interest in and the formation of export organizations and combinations and other forms of cooperative effort.

"Pending the removal of the incubus of fear of the application of the anti-trust law to the regulation of our foreign trade we can expect few or no additional associations to be formed, nor any decided and general cooperative movement on the part of our manufacturers. Unless the restraining laws are modified so as to exclude their application to export trade, cooperative measures by American manufacturers for meeting the new international conditions after the war will not be practicable and must largely remain in the region of the theoretical discussion."

Arthur Christianer of Carrollton is the guest of Cecil Murrah.

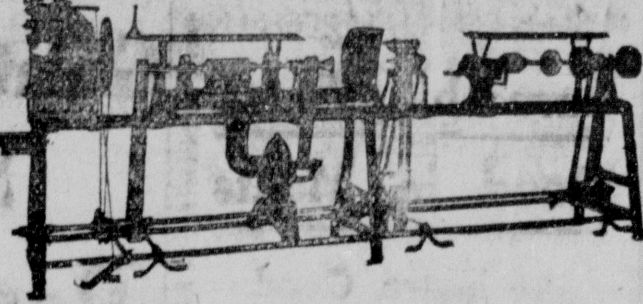

Mrs. Elizabeth Almey has been confined to her home the past week on account of a bad cold. "Grandma" Almey, as she is familiarly called by her many friends here, is nearing her 98th birthday and is in full possession of her mental faculties. She was born in England in 1818 and as a child had the rare distinction of being a playmate to the late Queen Victoria.

Revival services will continue thruout the week at the M. P. church, Rev. C. H. Smith having charge of the services.

**National Highway**

**Time's Answer**  
to the correct number of cylinders is found in the new "Highway" cars, the National Twelve and the National Six. Endless experimenting for a long time proves it. A ride in one of these beautiful "drawing rooms on wheels" will prove it to you. Expect a pleasant surprise because you are going to get it when you learn the many superiorities of these new cars.

The name National precludes the necessity of itemizing specifications or equipment—it insures completeness in everything. Built by National Motor Vehicle Co., Indianapolis. For fifteen years successful builders of high grade cars.

Charles Collins are on the sick list this week.

Harry Pine, formerly of Minneapolis, who recently purchased the home place known as the Wm. Pine farm near Naples, will hold a public sale at the farm Feb. 2 and dispose of his personal property, household furniture, live stock, etc., and again return to his former home where he will resume his former position as traveling salesman.

Aldo Hierman of Arenzville spent Sunday with friends in town.

Miss Myrtle Sheppard of Jacksonville was here Monday in the interest of her music class and securing pupils for the spring and summer term.

Mrs. G. W. Sisson is suffering from an attack of the la grippe.

## MORGAN.

Mrs. James Hutches and Miss Ruth Hutches spent Sunday with friends in Chapin.

Mr. and Mrs. Ray Bridgman of Chapin spent last Wednesday with Mr. and Mrs. Bert Huddleson.

Mrs. Emily Goodall of Morrison, Ill., who was called to this part of the state by the death of her aunt, Mrs. W. B. Markham, spent a few days here last week with her uncle, Chas. E. Williams and family.

Walter Williams was a Winchester visitor Saturday evening where he went as a member of the Chapin high school basketball team.

Miss Ruth Hutches was a Jacksonville visitor Wednesday.

Mrs. Chas. E. Williams has been on the sick list the past week with the grippe but is getting better. Dr. F. M. Roberts of Chapin is the attending physician.

Paul Stone spent Saturday night and Sunday in Chapin as a guest of Walter Rigg.

Mrs. Addie Williams of Jacksonville spent Saturday at the home of Mr. and Mrs. Chas. E. Williams.

Mrs. Geo. H. Conlson spent a few days last week in Winchester at the bedside of her sister, Mrs. Laura Colings, who has been ill for several weeks.

T. H. Stone is on the sick list at this writing.

Wilbur Williams attended the McDaniel sale northeast of Bluffs last Friday.

Alfred Anderson has been suffering with the grippe the past week.

Walter Williams was home from high school at Chapin Thursday and Friday; he having made the required grades in his class to exempt him from the semester examination.

**TOOK CHILDREN TO PEORIA**

Deputy Sheriff Andrews and Commissioner William F. Roegge took George and Hazel Loyd to Peoria Friday evening where they will be placed in an orphan's home. The children's parents reside in Meredosia and are not able to provide for them, the mother being an epileptic.

## Doughnuts

That will remain moist.

Every housewife who bakes her own bread knows that if a little potato is added to the sponge, the bread will not dry out as quickly. In this recipe potato is utilized to make doughnuts that will remain moist and fresh for several days.

K C will be found to have distinct advantages over any other Baking Powder for doughnuts. K C is a double acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

## K C Potato Doughnuts

By Mrs. Nevada Briggs, of Baking School fame.

3 cups flour; 2 eggs; 1 cup sugar; 4 level teaspoonsful K C Baking Powder; 3 level spoonful salt; 3 teaspoonful spice; 1 cup cold mashed potato; 1 cup milk, or more if needed.

Sift three times, the flour, salt, spice and baking powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.

## A NECESSITY

**Mrs. Collier Says Could Not Keep House Without Black-Draught.**

Hardin, Mo.—Mrs. J. W. Collier, of this town, who knows from experience of the merit of Black-Draught Liver Medicine, has following to say for publication: "I want to let everybody know that I have used Theodor's Black-Draught for many years, and it is just what is claimed for it. I am never without Black-Draught, and really I couldn't keep house without it."

Whenever I feel bad, I take a small dose, and feel better right away.

I advise everybody who suffers from liver or stomach trouble to use Black-Draught Liver Medicine."

For three-quarters of a century (75 years), Theodor's Black-Draught has been regulating irregularities of the liver, stomach and bowels, and has long been recognized as the standard remedy. It is a fixture in thousands of homes as the main stay of the family medicine chest.

If you have not tried it, get a package from your nearest dealer, today. He sells it in 25c and \$1.00 packages, making it cost you only one cent a dose.

## FEEL YOUNG!

**It's Dr. Edwards' Olive Tablets For You!**

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowels back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and Nature's assistance.

Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists.

## VON HINDENBURG'S COUSIN IS AN AMERICAN FARMER

**Friedrich Benz Follows War News in Little Minnesota Home.**

Minneapolis, Minn., Jan. 28.—In a little room back of a lunch room at Wanda, Redwood County, Minnesota, there sits each day a rugged old man who follows the European War as closely perhaps as any person in America. He wears a grizzled beard, his brow is whitened by his seventy years, and his features bear a striking resemblance to one of the Teutonic heroes of the war. This man is Friedrich Benz, who is, according to the Minneapolis Journal, a cousin of the famous von Hindenburg, the German field marshal who has accomplished several of the greatest campaigns of the war.

The grizzled Minnesota farmer fought with the Prussians back in '70, and he has medals to show for his gallantry at Metz and at Paris. After doing his duty for his country, he migrated to America. His cousin, Von Hindenburg, had chosen an army career, while Benz chose that of a tiller of the soil. Both men have fought a hard battle with the world, and the heavy lines under the eyes mark both the fighters. One forced his way doggedly to the highest honors his Kaiser can give, and the other struggled with nature, somewhat reluctant at times and forced to bleed him, his children and grand-children with a competence.

"Paul, he knows his business," says Friedrich Benz, with the justifiable pride of a cousin. "He has been a soldier always, and he knew the laces. How could a Russ hope to beat him?"

When the war broke out a year ago last summer, the Minnesota veteran went to Minneapolis and tried to arrange for his passage back to his old home in Germany. He could not fight, for he was too old, but the fires of patriotism were stirred within him, and he knew there was something he could do back there to help. But fate was against him. Germany needed not old men, but the young.

The resemblance between Friedrich Benz and Marshal Von Hindenburg is striking. The nose of the Minnesota man is broad at the base, rounding on top, and tending to be bulbous. It is identical with that of the German leader. When his eyes fire up with martial ardor and the brows bend to a straight line, the face is nearly a duplicate. The big moustache of von Hindenburg has its counterpart on the face of Friedrich Benz. The Minnesotan, with his hair cut in the square, standing Hindenburg fashion, might fool the guards of the field marshal.

It is thus the mother of John Benz, father of the aged Minnesotan that the relationship lies. She was Elizabeth Ra Moll, before her marriage to the grandfather of Friedrich. Although a Prussian woman, she had French blood in her ancestry, as her name shows. It was her sister who married a Hindenburg and became the grandmother of the present field marshal, whose complete official name is Paul von Beneckendorff and von Hindenburg. The two families lived within visiting distance. The next generation saw less of each other. Anyway, Friedrich was two years older than Paul and gave scant attention to one so young and unknown. Friedrich remembers the day when news came that Paul, who was in the army, was wounded, and the family rejoiced at the news that his injury was not serious and that he would soon recover.

Friedrich Benz' service is a story in itself. His mechanical abilities gave him a place in the artillery in the sweep thru France. His battery stopped at Metz to hurl a few rounds at the French troops beleaguered there. Then on to Gravelotte, Sedan and the other great victories he was swept, finally reaching Paris.

"It was bad, yes, most bad, at Paris," he tells one. "I was mad everywhere and fighting always. No rest, no wait, no quiet. All day we fired shells at them, and all night we fired shells. I wonder how they ever stood it in Paris so long as they did."

Benz came to America soon after the Franco-Prussian war, and settled in Illinois first. Two years later he went to Wisconsin and found the farming better there. In 1893 he bought a farm in Grants Rock township, in Redwood county, Minnesota where until a few years ago, he lived vigorous farming life. Then he retired and moved to Wanda, where he lives with his son.

## ILLINOIS STATE NEWS.

**Cartridge Concern Fears War Plot.**—The Western Cartridge company of East St. Louis has asked in the Madison county circuit court that mandamus proceedings brought by the Gilbert Elliott company, New York stockholders, to compel it to reveal its list of stockholders, be dismissed. The cartridge company insists that representatives of one or more of the belligerent nations is endeavoring to obtain control of its stock in order that the business may be interfered with or the property destroyed. The suit was brought about two months ago to compel the company to pen its books and give the names of all stockholders. It is claimed by the cartridge company that the petitioners are not citizens of the U. S.

**Shabby Clothing Concealed Fortune.**—A gray haired woman shabbily clad was taken into custody in a Chicago station and when she was searched at headquarters securities worth \$13,461 were found. The woman's actions were queer and she is being held at the psychopathic hospital until her identity can be established.

**Big Shipment Silk.**—The Burlington received yesterday at St. Paul a special train consisting of eight baggage cars loaded with approximately 400,000 lbs. of raw silk and silk goods enroute from Yokohama to New York. The car was taken over the Burlington scenic line to Chicago. Years ago silk was shipped all the way by water could be received quickly enough to supply the demand, notwithstanding the great distance, but now it is different and a train on a fast schedule is necessary to meet great demands.

**Hog Shipments Still Increase.**—The January record at the East St. Louis market will set a new mark for already the shipments have totaled 350,000. The previous banner month was in November, 1911, when 354,000 arrived in the market. Heavy shipments have been received at all the principal markets but prices have nevertheless shown an upward tendency.

**Killed Self Following Quarrel.**—Selma Clayton, a nineteen year old girl, committed suicide by shooting herself with a rifle at the home of her stepfather near Lebanon, Ill. The girl had quarreled with her mother and in a fit of despondency determined on self destruction. The note she left read, "You blame it all on me, mother, so I will end it all."

**Push Burlington Way Betterments.**—H. C. Whitla of Greenfield and S. E. More of Wilkesville, district supervisors of the Burlington Way, have been in Lincoln this week making further arrangements for the marking and improving of the road from Springfield thru Lincoln to Bloomington. Not much encouragement has been given the project by the Bloomington commercial club, but the route will be marked that way nevertheless the supervisors say.

**Lincoln Hospitals are Filled.**—Complaint is general of sickness for bad weather has made lagrippe and pneumonia prevalent in many localities. In Lincoln the papers declare that there is hardly a business house but has one or more of its employes on the list of sufferers. The rush of business has been such that the doctors are beginning to complain and are hoping for a stretch of cold weather to check disease spread.

**Mattoon Police Puzzled.**—In Mattoon the cells of the city prison are six feet high and now that the police have a prisoner who stands six feet seven inches in his stocking feet, they do not know where to put him. Perhaps they will insist on the prisoner remaining in a reclining position.

**The Oldest Rural Carrier.**—T. W. Harris, said to be the oldest rural mail carrier in the service has just resigned at Hoopeston. He is ninety years of age and has been carrying mail for fourteen years.

**Higher Water Rents in Beardstown.**—Years ago water rentals were established in Beardstown on the basis of fixtures then in use. Since that time many consumers have increased the number of fixtures in use but the old rentals were unchanged. In an effort to increase revenue a council committee has been going over the books with the result that many of the consumers will soon receive some larger bills.

**VAUDEVILLE AT THE GRAND.**

Three first class acts opened at the Grand Friday afternoon. Sam Hood, black face comedian, opened the show. He is advertised as some blackface and he lives up to his reputation. "Sam" has some great stuff and he fed it to the audience so fast Friday afternoon that most of it went right over their heads and out at the front door. One man passing the corner caught one of the jokes and laughed so hard that the police were going to pinch him for disturbing the peace. Bonninger and Lester put on a fine singing act and made a hit. The performance closed with good singing and dancing and also some fancy club juggling. All of the acts went over good and should draw crowded houses this afternoon and tonight.

## TRAINED MEN FOR FOREIGN TRADE IS NOW A GREAT NEED

**Dr. Pratt at Foreign Trade Conference Gives Essential Qualifications For Men in Service Abroad.**

Washington, D. C., January 28.—"The greatest need in each and every line of business in the United States today is the need of trained men. This is especially true of foreign trade," declared Dr. Edward Ewing Pratt last night at New Orleans in an address before the Foreign Trade Conference on the subject of educating men for foreign trade. Dr. Pratt is Chief of the Bureau of Foreign and Domestic Commerce and Honorary Vice-President of the Foreign Trade Conference. "I have canvassed the men at the head of many of our largest and most active business establishments," he said, "and they invariably reply that they can not find trained men for foreign trade."

Dr. Pratt first called attention to the recognized lack of properly trained men in this country for carrying on our rapidly increasing trade with foreign countries. Then, having established the present necessity for such men, he took up in order the qualifications they should have. Diplomacy, adaptability, and responsibility are even more important in foreign trade than at home, and they are largely qualities that are come by naturally, although proper training is not without its value. But there are four essentials in the equipment of a foreign-trade specialist that can be acquired largely by training. They are, languages, principles of business, technical knowledge of foreign trade, and a thorough knowledge of one's own business.

**Knowledge of Language Needed.**—A knowledge of the language of the country in which a man is to travel in and sell goods is of the first importance. "But," declares Dr. Pratt, "in a very few institutions is anything akin to commercial language taught. Seldom is the graduate able to express himself unhesitatingly in the language in which he has devoted so much time. The schools should do much better than they are doing. The aim in language study should be to talk the language."

"The study of language can not begin too early," it was stated, "but training in the principles of business, in economics, in industrial organization, can scarcely be undertaken before college. A man must have reached a certain maturity of mind and have acquired a fairly wide personal experience before he can really comprehend the significance of such facts. It is in the college or in the school of commerce of college grade that real training in the bigger aspects of business can be given. The aim of this kind of educational work should be to provide a man with a knowledge of the economic bases of business life. It succeeds when it gives a man a solid foundation on which he can build a more specialized superstructure."

"So far as a technical knowledge of foreign trade is concerned, the colleges can do little. The school of commerce is in a rather better position. Every school of commerce should have a highly organized and specialized course looking toward foreign trade. Such a course should begin in the first year and continue to the finish. The actual details of foreign-trade practice must be left largely to the individual employer. The manufacturer, exporter, or banker, can train his men more effectively than any outsider."

"But," stated Dr. Pratt, "I believe that the training of the man on the job is the most important and is also the very best educational work. This is the kind of educational work which each employer can do in his own bank, or in his own office. It seems to me, therefore, that educational plans for your own employees would be most helpful, both in giving a man the details which he needs in foreign trade and in fitting him with that definite knowledge of your business and of your processes of manufacture. This is essentially the difference between training generally and training specifically; the difference between training a man for a job and training a man in his job."

**A Cooperative Plan.**

"The cooperative plan of Dean Herman Schneider of the University of Cincinnati, is capable of being put into practice in every large city in the country. It requires a certain amount of time in the class room and a certain amount of time in the shop. And allow me to say right here that Dean Schneider's contribution to our educational methods and to the efficiency of our industrial organization is greater than that of any other living man."

"I have emphasized the kind of men wanted for foreign trade," concluded Dr. Pratt, "and I have dealt at some length with the kind of training that ought to be given, but it rests with the employer ultimately to furnish incentive both to induce the right kind of men to go into foreign trade and to induce them to qualify themselves properly for the work. He must give adequate cash remuneration for services rendered and he must give hope of adequate promotion. Too often our manufacturers and exporters are tempted to pay in foreign trade the scale of salaries which obtain in foreign countries and too often they forget the man at the foreign post and allow the man who stayed at home to outstrip him. The right kind of men with the right kind of training can be induced to go into foreign trade only when there is an adequate reward both of money and promotion."

Mr. Bridgman lives some two miles beyond the county farm and the boy started right after dinner he didn't get back till night and nearly used up the team making the trip.

Miss Helen Shreve has returned from a pleasant visit with the family of Frank Fulk of Beardstown and while there she had the pleasure of witnessing a play given by home talent and enjoyed it very much.

## CONSULTATION AND EXAMINATION

## FREE

**DR. GABLE, THE NEUROPATHIC SPECIALIST, WILL BE AT THE HOTEL DUNLAP FROM 9 A. M., TUESDAY, FEB. 1, UNTIL 3 P. M., WEDNESDAY, FEBRUARY 2.**

DR. GABLE.

Dr. Gable, the Neuropathic specialist, will return to the Hotel Dunlap for his 26th consecutive visit, from 9 a. m. Tuesday, February 1, to 3 p. m. Wednesday, February 2. He will give consultation and examination free to all sufferers of chronic diseases who will call on him this trip.

Dr. Gable's object in doing this is to introduce and explain his new system of treating diseases. He is the author of the Dr. Gable Neuro-pathic System of treating diseases. This system of treatment is founded on the theory that most diseases of the body, no matter where located, are caused by some germ or disease deposit settling in the part. This interferes with normal circulation, presses on the nerves and gradually destroys the functions of the organ. Causes irritation of the brain and nervous system. He claims that if you can remove this disease deposit, restore normal circulation and relieve pressure on the nerves, most chronic diseases can be cured, no matter in which organ it is located or how long standing, if the treatment is used before the tissues are too badly destroyed.

He has had great success in curing many old chronic cases, where other treatments failed. He believes that he can cure almost any case of rheumatism, either acute or chronic. It cures all curable forms of kidney trouble, bladder trouble, weakness of these organs. This treatment gives almost immediate relief of dyspepsia, indigestion, fermentation, constipation, liver troubles; it cures most forms of blood disease, chronic skin trouble and nervous diseases. He wants every person suffering from any of these troubles to call on him at the hotel this trip. He will be glad to explain fully all about this system of treatment and tell you frankly whether or not in his opinion your case is curable free of charge. If you suffer with any of these chronic troubles he regularly each month and wants to treat as many people as possible in and around Jacksonville, in order to prove, in as many cases as possible, the great success he is having with the system of treatment. His hours will be from 9 to 12 and 1 to 5 and 7 to 8. Ask for Dr. Gable.

### ROLL CALL OF NO. 13 REBEKAHS PROVES INTERESTING EVENT

Excellent Program Rendered in Course of the Evening—Masque Special Planned by Members of Jacksonville Lodge—The Committee.

A good sized audience of members and visitors was present Friday evening at Odd Fellows temple for the annual roll call of Jacksonville Rebekeah Lodge No. 13, and the evening from first to last was a pleasurable one. After the roll call a social hour was spent and refreshments served.

A number of letters were read from absent members. After a brief business meeting, the following program was given, as the calling of the names was halted from time to time:

Song, "When the Roll is Called up Yonder"—The lodge.

Solo, "I've Got the Mumps"—Miss Harriett Dunlap, accompanied by Miss Jeannette Taylor.

Readings, "Hello—Not Understood," and "The Grip"—Miss Mabel Louise Gleckler.

Solo, "Polonaise," Chopin; "Rigoleto" (paraphrase of Verdi)—Miss Dorothy Hitt.

Solo, "Sweetheart, Sign no More" and "Somewhere a Voice is Calling"—Miss Nelle F. Self.

Reading, Two Scenes from "Peg o' My Heart"—Miss Corinne Hughes.

Solo, "My Little Gray Home in the West" and "Little One a-cryin'"—Miss Hilma Franz.

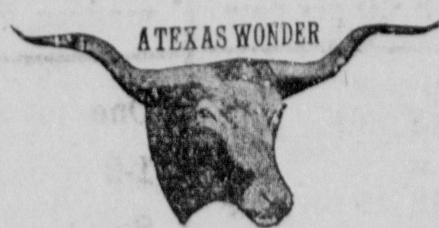

"Blest be the Tie that Binds"—The lodge.

The program committee consisted of Miss Fern Haigh, Miss Frances Akire, Mrs. W. O. Swales.

Refreshment committee—Mrs. Oran H. Cook, Mrs. Payton Berry, Misses Grace L. McCarty, Edna Colby, Adelaide McCarty, Veda Colby, Ethel Reeve, Mrs. J. L. Pine, Robert Lucas and William Lucas.

At the next meeting of the lodge members will enjoy a masque social.

Arthur Vannier has received a letter from his parents at Kissimmee, Florida stating that down there the weather is warm and sultry and boys are going about in their bare feet.

Kill Kare Circle Meeting

Members of the Kill Kare Circle gathered Thursday evening at the home of Miss Fanny Motesman for a very enjoyable meeting. The guests assembled in time for a delicious two course dinner, which was very much relished by all present. The fact that the hostess was celebrating her birthday of the day before, made the occasion even more pleasurable.

After dinner the guests were entertained with a reading by Miss Lila Roberts, being an account of "Si Pringle's" adventure with a burglar. Music and games followed this, and it was with reluctance that the girls finally took their departure, with many assurances to their hostess that they had had a very delightful evening, which would be long remembered.

The February meeting of the Circle will be held at the home of Miss Edith Sibert.

Guild of State Street Church Meets.

The January meeting of the Guild of State Street Presbyterian church was held Thursday evening at the home of Miss Marie Sibert, 316 East College avenue. A goodly number of the members were in attendance and the social hour which followed the business session proved very enjoyable. Refreshments were served.

The February meeting of the Guild will be held at the home of Miss Annie Floreth on West College avenue.

Ladies Aid Society of Catholic Church

The Ladies Aid society of the Church of Our Savior held their meeting this week at the home of Mrs. John H. O'Donnell, 471 East State street. After the usual business session a social time followed.

The prize winners in the games were Mrs. John Buckley, Mrs. Fred Kumble and Mrs. Otto Frey. The next meeting will be held at the home of Mrs. Edward Merriman on South Diamond street.

BIDS ARE ASKED.

Proposals are hereby asked for 3,024 feet of six-inch class B cast iron water pipe, together with fittings, to be delivered as directed by the city. Bids will be received until 10 a. m. Monday, February 14, and must be accompanied by a certified check for one-tenth of the purchase price.

### LLINI SOCIETY IN FIRST REGULAR MEETING OF YEAR

Hawaiian Program Given by Literary Organization of David Prince School—Featherweights win Basket Ball Game from Midgets.

Hawaii, the land and its people, formed the subject idea of an interesting program in David Prince auditorium Friday night when members of Illini Literary society appeared in the first regular meeting of the year. Preparations for the program were in direct charge of Miss Eva Hammond and the numbers were given in able manner throughout. The Illini basket ball team, the "Featherweights," beat the "Midgets" of the Progressive society by a score of 12 to 3 just before the program. Miss Mason and Miss Grassly were in charge of the teams and William Hudson and Edward Tomlinson served as umpire and referee. The Illini lineup: Henry Struck, Ole Parker and Lester Cornick, forwards; H. Stuart, center; Harry Fernandes and Russell Bennett, guards. For the Progressives the players were Newport Houck and George Johnson, forwards; Dean Carliye and John Pyatt, center; Ralph Floreth, Chester Hall and Oliver Hamilton, guards.

Hugh Wilson is Illini president and his inaugural talk expressed well the purpose and aim of the society. Earl Fitch is student athletic manager, taking the place of Aldrew Cox. To be for Illini society "first, last and all the time" was the wish expressed by the president in conclusion.

## LEEVE BREAKS, 8,000 ACRES INUNDED

BREAK CAME FRIDAY AFTER-  
NOON IN HARTWELL DISTRICT

Levee Was Constructed Under Su-  
pervision of the Caldwell Engi-  
neering Co.—Fairbank Ranches  
Lie to South and Levee is Still  
Holding There.

The Hartwell Levee in Greene  
county along the Illinois river broke  
Friday afternoon. The crevasse was  
forty feet in width and it is thought  
that the break was caused by some  
sewer drains which had been run under  
the levee.

The Hartwell levee district was  
constructed under the supervision of  
the Caldwell Engineering company  
of this city. The district comprises  
8,000 acres and begins just south of  
the Chicago & Alton railroad right  
of way at Hillview and extends  
south. It is not thought there is  
much on the land at the present  
time, tho there is some growing  
wheat.

The farm owned by former Vice  
President Charles W. Fairbanks, lies  
to the south of the Hartwell district  
and comprises 12,000 acres. The  
levee protecting it is still holding.  
The Hillview district is just north of  
the inundated district and comprises  
14,000 acres.

Word from the flooded district  
Friday evening says that the gauge  
registered 17 feet and 4 inches. Pre-  
dictions are that the water will con-  
tinue to rise for two days. All of  
the levees are between 23 and 24  
feet in height so that unless an un-  
expected weakness develops in some  
part it is not probable that the water  
will reach a stage that will over-  
flow the top of the levee.

## FLOOD INTERFERES WITH TRAIN SERVICE AT HAVANA

C. B. and Q. Has Had No Trains Into  
That Place Since Thursday of Last  
Week.

The flood waters from the north  
have swollen the Illinois river and  
its tributaries and train service has  
been impaired, says the Havana Re-  
publican. Quiver creek north of Ha-  
vana, was on a rampage and the  
railroad bridge of the C. P. & St. L.  
was nearly washed away. On Fri-  
day morning of last week the train  
from the north ventured across the  
bridge only after passengers had un-  
loaded from the coaches. The bridge  
swayed under the load of the empty  
train but there were no accidents.  
The train arrived in Havana thirty  
minutes late. The northbound train  
did not venture to cross, consequent-  
ly there was no train from the north  
in the evening. Heavy pilings were  
used by the bridge crew to strength-  
en the bridge, and on the following  
day the regular traffic was resumed.  
The C. B. & Q. has had the worst  
experience of any of the roads lead-  
ing into Havana. The train was able  
to get no farther than Ellisville on  
Friday of last week, and since then  
the conditions have been getting  
worse daily. The roadbed is low and  
soft.

## HIGH SCHOOL FIVE WILL PLAY BARRY TONIGHT

East Game Expected When Teams  
Clash—Freshmen and Sophomores  
Will Play Curtain Raiser.

Basketball fans of the city will  
have an opportunity to see a fast  
game tonight when the Jacksonville  
High terrors meet the high school  
team of Barry. Barry was to have  
played here earlier in the season  
but could not come because of scar-  
let fever in the school. Now they  
are filling a date left vacant be-  
cause Taylorville could not come.  
Jacksonville's lineup will be: For-  
wards, Andrews, Bexell; Center,  
Tomlinson; Guards, Marshall and  
Hull.

As a curtain raiser, the high school  
freshmen will play the sophomores.  
The big game will start at 8 o'clock.

is among the first to report young  
chicks in her neighborhood. She  
had a hen that hatched 13 chickens  
from fourteen eggs and early fries  
are assured.

## MRS. HOFFMAN LONG TIME RESIDENT OF CITY DIES

Deceased Had Reached Advanced  
Age of 93 and Had Been an In-  
valid Twelve Years.

Mrs. Rebecca Hofmann died at the  
family home, 903 South Clay avenue  
Friday morning at 5:30 o'clock.  
She had been ill for the past twelve  
weeks and death was due to dis-  
eases incident to old age.

Deceased was born in Wilmington,  
Delaware, Sept. 10, 1823 and at the  
time of death was past 93 years of  
age. She was united in marriage  
in Pennsylvania to John C. Hofmann  
in 1846 and they came to Jack-  
sonville ten years afterward in 1856  
where she has since resided. Mr.  
Hofmann died at the family resi-  
dence Dec. 24, 1900. Mrs. Hofmann  
was the last member of a large fam-  
ily. She was a member of the Chris-  
tian church for many years. There  
survives one son, J. Eckhardt Hof-  
mann who resides at the family  
home. There also survive four grand-  
children and five great grand chil-  
dren.

The funeral will be held  
from the residence this afternoon  
at 3:30 o'clock.

Mrs. Hofmanns maiden name was  
Rebecca White and she was the  
daughter of Deborah and Nicholas  
White. During her long residence in  
Jacksonville Mrs. Hofmann lived  
quietly her chief interest being her  
home. In all ways her character  
was admirable and her's was always  
an influence for good.

## LOUIS PERBIX OF MARKHAM TO BUILD NEW \$9,000 HOME

Contract Has Been Closed With  
Charles E. Seymour—Building  
Will Have All the Latest Improve-  
ments.

Charles E. Seymour of this city  
has closed a contract with Louis  
Perbix of the vicinity of Markham  
for a new residence to cost about  
\$9,000. C. W. Buckingham of this  
city is the architect; Brady Broth-  
ers will do the metal work; H. De-  
Castro & Co. will do the brick work  
and plastering; the lumber will come  
from the yards of the F. J. Andrews  
Lumber Co.; Crawford Lumber Co.  
will do the mill work and the paint-  
ing will be in the hands of Cruse &  
Benson.

Mr. Seymour means to begin work  
as soon as the weather will permit  
and it is expected that the building  
will be finished by or near July 1st.  
It is to be modern in every respect;  
hot water heat, bath, acetylene  
lights, septic tank, gasoline engine  
to pump the water. Plaster relief  
work will be done in down stairs  
rooms; sitting room, dining room  
and hall on first floor, white enamel.  
The floors will be of oak; china  
closet and buffet built in the house.  
When Mr. Perbix' friends come to  
see him he expects to show them a  
strictly first class house.

The jury in the Willow Creek  
Drainage case returned from Mer-  
cedosa Thursday evening. They ar-  
rived at 10:30 o'clock, the train due  
at 9:45 o'clock being late. The  
jury went to the drainage ditch  
on Tuesday and spent two days in-  
specting the property affected. The  
members went into session on their  
return but at 5 o'clock adjournment  
was taken without any verdict being  
obtained.

## RECALLS HIGH WATER ALONG THE ILLINOIS RIVER

Steamboat Traveled Up the Sang-  
amon Valley in 1858, a Beardstown  
Man Declares.

Charles L. Brown of Beardstown,  
writing to the Beardstown Star, has  
the following flood reminiscences:  
"I notice in your paper, under  
date of January 25, a list of dates of  
high water. May I add a few facts  
which might well be included in your  
list?"

"As you say, 1844 was the highest  
stage on record. You do not men-  
tion, however, the years 1849, 1853  
and 1869. The water in 1849 was  
nearly as high as in 1883. The  
water of 1858 was a little higher  
than 1883, so some of the old set-  
tlers say. A steamboat called the  
Fred Noly, passed Grigg Chapel and  
on up the Sangamon valley, over  
a channel, ordinarily farm lands,  
and took on potatoes, corn, etc., from  
the farmers. There are a few yet  
living who remember this circum-  
stance. Again in 1869 the water  
only lacked a few inches of being as  
high as in 1883 and the stage oc-  
curred in June and July, just when  
the wheat was ready to harvest.  
Some saved a part of the crop by  
sending a force of men wading into  
the water with cradles to cut the  
grain. As the water rose higher and  
would float a boat the grain was  
boated to the high ground. This  
was the year of the total eclipse of  
the sun, August 7, at 4 p. m. Total  
darkness prevailed for several min-  
utes.

"CHARLES L. BROWN."

Harmony lodge No.  
3, A. F. & A. M., will  
hold a special meet-  
ing Saturday evening  
at 7 o'clock for work.  
Visiting brethren  
welcome.

John Nunes, W. M.  
John R. Phillips, Sec'y.

## COLDEST DAY RECALLED.

The indications yesterday were for  
much colder weather than finally de-  
veloped, and altho there was some  
fall in temperature by comparison  
with that of the day before, the  
weather was not at all unseasonable.  
A number of old residents recalled  
the fact that exactly forty-three  
years ago—that is, Jan. 28, 1875—  
that the coldest weather known in  
this locality was recorded. At that  
time the thermometer registered 10  
degrees below zero, and many are  
the stories which older residents can  
tell of the suffering and inconven-  
ience which the extremely cold  
weather caused. George Day was  
one of the long time citizens of Jac-  
sonville who well remembers that  
day in 1875 and says that no matter  
how many more years he lives the  
memory of the cold and discomfort  
will not be wiped out.

## FOREIGN MISSIONARY MEETING AT ASHLAND

The regular meeting of the Wom-  
an's Foreign Missionary society of  
Ashland was held recently at the  
home of Mrs. Robert Anderson, Jr.,  
and the following program was  
given:

Leader—Mrs. Glenn.  
Devotions—Miss Nellie Beggs.  
The Summons—Mrs. Mabel Strib-  
ling.

The Response—Miss Etna Wyatt.  
"A Girl's Beautiful Thought  
Needs"—Mrs. Clemons.

and Dr. Stone"—Mrs. Pearn.  
Mystery Box—Mrs. McCready and  
Mrs. Fitzhugh.

Any kind of a suit of clothes for  
any kind of weather at Kneels.

## PHI ALPHA SOCIETY.

Phi Alpha society of Illinois col-  
lege held their regular meeting last  
night in Beecher hall. The first part  
of the program was omitted and the  
new constitution was talked over and  
adopted. The debate was held. The  
question discussed was: "Resolved,  
That the United States Should Aban-  
don the Monroe Doctrine." The af-  
firmative was upheld by Watkins and  
Irwin and the negative by Ruther-  
ford, Dean and Hinton. There was  
no decision given in the debate.

E. E. Siddles of Chapin made a trip  
to the city yesterday.

## Little Editorial

Edited by Myers Bros.

## An Important Trade Announcement

NO WINTER CLEARANCE SALE

You have read in the daily press  
and magazines and been told of the  
advancing costs of all kinds of tex-  
tile fabrics, due to the present war,  
which has made almost prohibitive  
the use of dyestuffs formerly obtain-  
ed abroad.

This condition prevents us from  
obtaining duplicates of our present  
stock at former prices.

The wholesale markets were never  
as low in desirable merchandise  
and preclude the possibility of sup-  
plying the same values as obtain-  
able now.

Our clearing sales have always  
been a clearance of the remaining  
stock of the seasons end and we will  
not substitute for our regular stan-  
dard merchandise merely to have a  
sale as a great many sales are con-  
ducted.

Therefore we make the unusual  
announcement that we will have no  
winter clearing sale. We have  
not advanced in price any article of  
merchandise in our store, notwith-  
standing present worth and contin-  
ued advance, nor will we do so un-  
til every effort of our purchasing  
organization is exhausted.

The Store of Good Values

# January Drapery Sale This Week Only

True economy does not mean how much  
you pay, but what you receive for your expen-  
diture and how long the article lasts. When  
you buy cheap goods, your money is gone and  
the goods soon follow. Then the process  
must be repeated. No wonder some homes al-  
ways look cheap.
